TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

July 23, 2019

CERTIFIED MAIL #91 7199 9991 7039 6482 1642
RETURN RECEIPT REQUESTED

The Honorable Patrick C. Davis
County Judge
414 Street Joseph, Suite 200
Gonzales, Texas, 78629

Re: Notice of Violation for Complaint Investigation at:
Gonzales County Precinct 3 Commissioner Office, 1813 Water Street., Gonzales, (Gonzales
County) Texas
Regulated Entity No.:110801198, UNA No.: 455140174, Investigation No.: 1571629, Incident No.:
308637

Dear Mr. Davis:

On May 20, 2019, Mr. Taylor Schauder and Mr. Luis Lugo of the Texas Commission on Environmental Quality (TCEQ) Corpus Christi Region Office conducted an investigation of the above-referenced regulated entity to evaluate compliance with applicable requirements for Municipal Solid Waste (MSW) disposal. Enclosed is a summary which lists the investigation findings. During the investigation, some concerns were noted which were alleged noncompliance's. Please submit to this office by August 14, 2019 a written description of corrective action taken and the required documentation demonstrating that compliance has been achieved for outstanding alleged violations 716887.

In the listing of the alleged violations, we have cited applicable requirements, including TCEQ rules. Please note that both the rules themselves and the agency brochure entitled *Obtaining TCEQ Rules* (GI 032) are located on our agency website at <http://www.tceq.state.tx.us> for your reference. If you would like a hard copy of this brochure mailed to you, you may call and request one from either the Corpus Christi Region Office at 361-825-3100 or the Central Office Publications Ordering Team at 512-239-0028. Copies of applicable federal regulations may be obtained by calling Environmental Protection Agency's Publications at 800-490-9198.

The TCEQ appreciates your assistance in this matter. Please note that the Legislature has granted TCEQ enforcement powers which we may exercise to ensure compliance with environmental regulatory requirements. We anticipate that you will resolve the alleged violations as required in order to protect the State's environment. If you have additional information that we are unaware of, you have the opportunity to contest the violation documented in this notice. Should you choose to do so, you must notify the Corpus Christi Region Office within 10 days from the date of this letter. At that time, a manager will schedule a violation review meeting to be conducted *within 21 days from the date of this letter*. However,

The Honorable Patrick C. Davis

Page 2

July 23, 2019

please be advised that if you decide to participate in the violation review process, the TCEQ may still require you to adhere to the compliance schedule included in the enclosed Summary of Investigation Findings until an official decision is made regarding the status of any or all of the contested violations.

If you or members of your staff have any questions, please feel free to contact Mr. Taylor Schauder in the Corpus Christi Region Office at 361-825-3100.

Sincerely,

Timothy Perdue, CHMM, Waste Section Manager
Corpus Christi/Region Office
Texas Commission on Environmental Quality

TP/TS/mjc

Enclosure: Summary of Investigation Findings

Summary of Investigation Findings

GONZALES COUNTY PRECINCT 3
1813 WATER ST
GONZALES, GONZALES COUNTY, TX 78629

Investigation #
1571629
Investigation Date: 05/20/2019

Additional ID(s): UNA455140174

OUTSTANDING ALLEGED VIOLATION(S) ASSOCIATED TO A NOTICE OF VIOLATION

Track No: 716877 Compliance Due Date: 09/12/2019
30 TAC Chapter 330.15(a)

Alleged Violation:

Investigation: 1571629

Comment Date: 07/23/2019

Failed to comply with General Prohibition which states no person may cause, suffer, allow, or permit the dumping or disposal of municipal solid waste without the written authorization of the Commission.

Specifically, during the investigation on May 20, 2019, it was determined that unauthorized disposal of MSW had taken place at the Gonzales County Precinct 3 yard located at 1813 Water St. in Gonzales, (Gonzales County) Texas.

Two excavated pits (covered and open) were identified on the property through the use of time-lapsed satellite imagery. The open pit was documented, through a physical inspection of the property, to contain MSW which included, but was not limited to, construction and demolition material, mattresses, light bulbs, furniture, and empty and full paint cans. The covered pit was unable to be assessed, however based on the satellite imagery the covered pit is alleged to have buried MSW.

Recommended Corrective Action: To achieve compliance an investigation must be conducted to determine if an unauthorized disposal of MSW waste occurred in the covered pit and all waste documented in the identified pits has been properly disposed of or recycled at an authorized facility. Submit documentation to the Corpus Christi Region Office indicating compliance with the solid waste rules and regulations for MSW. Documentation can include, but is not limited to, photographs, shipping documents, waste determinations and analytical data verifying cleanup measures.

5/20/2019 Inv. # - 1571629

Page 2 of 4

INTRODUCTION

On May 20, 2019, Mr. Taylor Schauder and Mr. Luis Lugo, Environmental Investigators (EIs) with the Texas Commission on Environmental Quality (TCEQ), Corpus Christi Region Office, conducted an unannounced Municipal Solid Waste (MSW) complaint investigation to evaluate compliance with solid waste rules and regulations. The investigation was in response to a complaint (Incident No. 308637) alleging paint waste was improperly disposed/buried at a laydown yard for Gonzales County Precinct 3 located at 1813 Water St., Gonzales (Gonzales County), Texas. A Notice of Violation (NOV) letter was sent to the facility.

BACKGROUND

On May 16, 2019, the TCEQ Corpus Christi Office received a complaint regarding the burial of MSW waste at the Gonzales County Precinct 3 laydown yard. The complainant alleged a pit was excavated and filled with MSW waste and then covered/buried within the past 3 years. The complainant also alleged an open pit at the Gonzales County Precinct 3 yard is filled with MSW waste for burial.

TCEQ Corpus Christi Region utilized satellite imagery from Google Earth providing aerial photographs of the property to perform an initial visual assessment. Satellite imagery in December 2015 showed an excavated pit located at approximately 29.51279 degrees North (oN) and 97.4644 degrees West (oW). Between December 2015 and February 2017 satellite imagery indicated the pit was filled with what appeared to be MSW. In January of 2018 the pit was covered with dirt and a second pit was excavated at approximately 29.51318 oN and 97.46441 oW. In December of 2018 the second excavated pit appeared to have been filled with MSW and two large semi-tractor trailers had been parked over the approximate location of the previously covered pit. Attachment 1. Time-lapse Satellite Imagery

GENERAL FACILITY AND PROCESS INFORMATION

Gonzales County is divided into 4 Precincts. The location at 1813 Water Street has an office space for the Precinct 3 county commissioner and a laydown yard used to store Precinct 3 vehicles and road maintenance equipment. The location is within the city limits of Gonzales on the west side of Highway 97 in proximity to industrial, commercial, and residential areas. Attachment 2. Location Maps

According to the TCEQ database, there have been no previous complaints or investigations at this location in the last five years.

SUMMARY OF ON-SITE INVESTIGATION

On May 20, 2019, at approximately 1115 hours the EIs arrived at Gonzales County Precinct 3 and conducted a field assessment and confirmed an open excavation, in the approximate location identified on the satellite imagery. The open excavation measured approximately 20 feet by 30 feet to a depth of 15 feet and contained MSW which included, but was not limited to, construction and demolition material, furniture, mattresses, empty and full paint cans, and light bulbs. Attachment 3. Photographs

The EIs were unable to perform a site assessment of the covered pit, alleged to hold MSW waste, as county personnel were not on-site, and two semi tractor-trailers were parked on top of the approximate location.

A verbal exit interview was conducted with The Honorable Patrick C. Davis, Gonzales County Judge, explaining the investigation findings. Judge Davis was informed the findings were preliminary and any additional issues would be communicated with him.

ADDITIONAL INFORMATION

On June 05, 2019, An Exit Interview Form (EIF) was transmitted to Judge Davis via email. Attachment 4. EIF

CONCLUSION

During the investigation, one alleged non-compliance issue was documented which resulted in a NOV (Track No. 716877) for unauthorized disposal.

D. REGULATORY INFORMATION

Only questions with a "Yes" response in Section D on the EZ Profile™ form (page 1) need to be answered here.

1. EPA Hazardous Waste

a. Please list all USEPA listed and characteristic waste code numbers:

- b. Is the material subject to the Alternative Debris standards (40 CFR 268.45)? Yes No
- c. Is the material subject to the Alternative Soil standards (40 CFR 268.49)? → If Yes, complete question 4. Yes No
- d. Is the material exempt from Subpart CC Controls (40 CFR 264.1083)? Yes No

→ If Yes, please check **one** of the following:

- Waste meets LDR or treatment exemptions for organics (40 CFR 264.1082(c)(2) or (c)(4))
- Waste contains VOCs that average <500 ppmw (CFR 264.1082(c)(1)) – will require annual update.

2. State Hazardous Waste → Please list all state waste codes: _____

3. For material that is Treated, Delisted, or Excluded → Please indicate the category, below:

- Delisted Hazardous Waste Excluded Waste under 40 CFR 261.4 → Specify Exclusion: _____
- Treated Hazardous Waste Debris Treated Characteristic Hazardous Waste → If checked, complete question 4.

4. Underlying Hazardous Constituents → Please list all Underlying Hazardous Constituents:

5. Industries regulated under Benzene NESHAP include petroleum refineries, chemical manufacturing plants, coke by-product recovery plants, and TSDFs.

- a. Are you a TSDF? → If yes, please complete Benzene NESHAP questionnaire. If not, continue. Yes No
- b. Does this material contain benzene? Yes No
 - 1. If yes, what is the flow weighted average concentration? _____ ppmw
- c. What is your facility's current total annual benzene quantity in Megagrams? <1 Mg 1-9.99 Mg ≥10 Mg
- d. Is this waste soil from a remediation? Yes No
 - 1. If yes, what is the benzene concentration in remediation waste? _____ ppmw
- e. Does the waste contain >10% water/moisture? Yes No
- f. Has material been treated to remove 99% of the benzene or to achieve <10 ppmw? Yes No
- g. Is material exempt from controls in accordance with 40 CFR 61.342? Yes No
 - If yes, specify exemption: _____
- h. Based on your knowledge of your waste and the BWON regulations, do you believe that this waste stream is subject to treatment and control requirements at an off-site TSDF? Yes No

6. 40 CFR 63 GGGGG → Does the material contain <500 ppmw VOHAPs at the point of determination? Yes No

7. CERCLA or State-Mandated clean up → Please submit the Record of Decision or other documentation with process information to assist others in the evaluation for proper disposal. A "Determination of Acceptability" may be needed for CERCLA wastes not going to a CERCLA approved facility.

8. NRC or state regulated radioactive or NORM Waste → Please identify isotopes and pCi/g: _____

Non-contaminated construction and demolition debris from a building, structure, or road. The debris must not be contaminated by a manufacturing process, chemical process, through facility operations or other processes. DOES NOT include lead-based painted debris, liquids, asbestos, fluorescent light bulbs, PCB light ballasts, and PCB
2. Material Composition and Contaminants: See Attached
Table with 2 columns: Material, Percentage
1. Construction Debris 100%
Total comp. must be equal to or greater than 100% >=100%
3. State Waste Codes: N/A
4. Color: Various
5. Physical State at 70°F: Solid Liquid Other:
6. Free Liquid Range Percentage: N/A
7. pH: N/A
8. Strong Odor: No Describe:
9. Flash Point: <140°F 140°-199°F >=200° N/A

D. REGULATORY INFORMATION

1. EPA Hazardous Waste? Yes* No
2. State Hazardous Waste? Yes No
3. Is this material non-hazardous due to Treatment, Delisting, or an Exclusion? Yes* No
4. Contains Underlying Hazardous Constituents? Yes* No
5. From an industry regulated under Benzene NESHAP? Yes* No
6. Facility remediation subject to 40 CFR 63 GGGGG? Yes* No
7. CERCLA or State-mandated clean-up? Yes* No
8. NRC or State-regulated radioactive or NORM waste? Yes* No
If Yes, see Addendum (page 2) for additional questions and space.
9. Contains PCBs? -> If Yes, answer a, b and c. Yes No
a. Regulated by 40 CFR 761? Yes No
b. Remediation under 40 CFR 761.61 (a)? Yes No
c. Were PCB imported into the US? Yes No
10. Regulated and/or Untreated Medical/Infectious Waste? Yes No
11. Contains Asbestos? Yes No
-> If Yes: Non-Friable Non-Friable - Regulated Friable

E. ANALYTICAL AND OTHER REPRESENTATIVE INFORMATION

1. Analytical attached Yes
Please identify applicable samples and/or lab reports:
Waste 1
2. Other information attached (such as MSDS)? Yes

F. SHIPPING AND DOT INFORMATION

1. One-Time Event Repeat Event/Ongoing Business
2. Estimated Quantity/Unit of Measure: 100
Tons Yards Drums Gallons Other:
3. Container Type and Size: CM 25Y
4. USDOT Proper Shipping Name: N/A

G. GENERATOR CERTIFICATION (PLEASE READ AND CERTIFY BY SIGNATURE)

By signing this EZ Profile™ form, I hereby certify that all information submitted in this and all attached documents contain true and accurate descriptions of this material, and that all relevant information necessary for proper material characterization and to identify known and suspected hazards has been provided. Any analytical data attached was derived from a sample that is representative as defined in 40 CFR 261 - Appendix 1 or by using an equivalent method. All changes occurring in the character of the material (i.e., changes in the process or new analytical) will be identified by the Generator and be disclosed to Waste Management prior to providing the material to Waste Management.

If I am an agent signing on behalf of the Generator, I have confirmed with the Generator that information contained in this Profile is accurate and complete.

GONZALES COUNTY

[CUSTOMER]

For EMERGENCY SPILL RESPONSE, CALL 800-899-4672

MASTER SERVICE AGREEMENT

THIS AGREEMENT, effective this 4th day of September, 2019 between the NRC entity selected on the first page of this Agreement ("NRC"), and Gonzales County, a corporation ("CUSTOMER"). NRC and CUSTOMER may be referred to individually as a "Party" and collectively as the "Parties". If the "Nationwide Agreement" option is selected on the first page, then the entity shall be deemed to be National Response Corporation, and work in each instance shall be assigned to the applicable NRC Affiliate in accordance with Article 1.4.

WHEREAS, NRC is engaged in the business of providing environmental and industrial contracting and hazardous waste management services, including emergency response services to mitigate oil, hazardous and other substances released into the environment; and

WHEREAS, CUSTOMER desires to engage NRC to perform emergency response and other environmental and industrial services on an as-needed basis.

The Parties agree as follows:

ARTICLE 1 SCOPE OF SERVICES

- 1.1 NRC may provide CUSTOMER with environmental and industrial services on a planned basis ("Planned Services", and collectively with Response Services, referred to as "Services"), including but not limited to soil and groundwater remediation, facility decontamination, confined space entry, demolition, industrial cleaning and vacuuming, transportation and disposal, preparedness training, storage tank removal and/or installation, technical services, including sampling and laboratory analyses, labpack and other environmental services pursuant to requests by CUSTOMER and proposals submitted by NRC. NRC's proposal for Planned Services will define the scope, schedule, and compensation of the Planned Services.
- 1.2 NRC may provide emergency response services ("Response Services") to respond to spills of oil of any kind or in any form (including petroleum, fuel oil, sludge, oil refuse, and oil mixed with other substances), hazardous waste, or other regulated and non-regulated substances or materials as defined by applicable state and federal law (referred to collectively as "Waste" or "Wastes") on land or in the water on an as-called, as-able basis in the locations described in EXHIBIT A. The scope of Response Services to be performed by NRC will be determined by the Parties at the time NRC accepts CUSTOMER's request for Response Services, and as directed by CUSTOMER's on-scene representative and any governmental agency involved.
- 1.3 This Agreement shall not obligate CUSTOMER to purchase Services from NRC, nor shall this Agreement obligate NRC to provide Services (except to the extent required by an executed Retainer Addendum), but shall govern all orders or requests for Services issued by CUSTOMER which are accepted by NRC. In the event that NRC has already provided Services for CUSTOMER prior to the execution of this Agreement and no written contract has been executed for those Services, then it is specifically intended by the parties that the terms and conditions of this Agreement shall retroactively govern those Services already performed.
- 1.4 As necessary based on the geographical location of the Services and the particular scope of Services to be performed, the Parties acknowledge that in certain instances the services may be performed by Affiliates of NRC, as such term is defined below. On the document specifically authorizing any particular Services (an "Order"), the Parties shall identify the performing NRC entity. Once the specific performing NRC entity is identified and the Order is signed by an authorized representative of each party, that Order shall constitute a separate agreement between the Affiliate of NRC and CUSTOMER, governed by and subject to terms and conditions identical to this Agreement. If the performing NRC entity is not so identified, then the Order shall be deemed to be an agreement between the Parties, and NRC shall thereafter be free to assign their rights, responsibilities or obligations with regard to any particular Services to the correct Affiliate. "Affiliate" means an entity that directly or indirectly through one or more intermediaries, is controlled by or is under common control with NRC, in each case where the term "control" means possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of an entity, whether through ownership of voting securities, by contract interest or otherwise. Each Order is independent and separate from every other Order, and an Affiliate that is party to one Order shall have no liability or obligation with respect to any failure by another Affiliate that is party to a separate Order to perform any of its obligations under the separate Order.

ARTICLE 2 INITIATION OF RESPONSE SERVICES

- 2.1 CUSTOMER shall request Response Services by telephone during any 24-hour period at 1-800-899-4672.
- 2.2 CUSTOMER shall provide NRC with the location of the spill ("Site"), nature of the emergency, approximate time of the emergency, substance released, chemical name, trade name, amount released, name of CUSTOMER's on-

scene representative, and other information requested by NRC. NRC will rely upon this information in determining if and to what extent NRC will respond.

- 2.3 Unless an addendum is signed by both Parties whereby NRC commits to a guaranteed response time for a standby retainer fee ("Retainer Addendum"), NRC is not obligated to respond to requests for Response Services. In such event, NRC shall promptly inform CUSTOMER of its inability to perform Response Services as requested. If NRC is able to respond, NRC does not guarantee a response time. NRC may determine in its sole discretion which requests for Response Services to respond to in the event that NRC receives more requests than it can respond to with its available personnel and equipment. NRC is not obligated to remove personnel and equipment from services for other customers initiated prior to CUSTOMER's initiation of the Response Services.
- 2.4 CUSTOMER and NRC may issue written confirmation of a request for Response Services in the form attached as EXHIBIT B or another similar instrument. Execution of a written confirmation shall not, however, be a condition precedent to payment for Response Services performed by NRC under this Agreement. To the extent that any terms contained in a written confirmation conflict with the terms of this Agreement, the terms of this Agreement will control.
- 2.5 Daily work reports will be issued to document the resources used by NRC to perform the Services. If CUSTOMER's representative is not available to sign daily work reports, CUSTOMER remains responsible to promptly review and approve daily work reports submitted by NRC. CUSTOMER's failure to (i) sign and return daily work reports hand delivered to CUSTOMER's representative, or sent to CUSTOMER's fax number or email address, or (ii) provide its written objection to daily work reports within 24 hours of receipt, signifies CUSTOMER's acceptance of the resources reported by NRC.
- 2.6 CUSTOMER may name NRC in its state and federal contingency plans only as a supplemental resource, without any guarantee of response time or resource level capabilities. NRC may provide any governmental agency notice of the status of CUSTOMER's relationship with NRC. Upon expiration or termination of this Agreement, NRC may notify any governmental agency that CUSTOMER is no longer entitled to name NRC in its contingency plans.

ARTICLE 3 NRC'S RESPONSIBILITIES

- 3.1 NRC shall provide supervision, labor, materials, tools, equipment and subcontracted items for the performance and completion of the Services, as agreed between the Parties. NRC shall act as an independent contractor in the performance of the Services.
 - 3.1.1 NRC shall supervise, direct, control and directly pay for all personnel NRC provides to perform the Services, whether permanent or temporary personnel of NRC, or employees of third parties who provide personnel to NRC on a contract basis. Similarly, all equipment utilized by NRC, whether owned, rented or under subcontract, including vessels, boom, and skimmers, shall be installed, operated, monitored, maintained, demobilized and decontaminated by NRC personnel or the personnel of NRC's subcontractors. Labor hours associated with installing, operating, monitoring, maintaining, demobilizing and decontaminating the equipment, will be compensated in accordance with Article 5. NRC is not required to supervise, direct or control any personnel provided by CUSTOMER.
- 3.2 Response Services are provided on an emergency basis to minimize to the extent practicable the environmental damage and health and safety risks resulting from spills or releases of oil, hazardous or other substances. The substance involved may not be eliminated from the Site by the Response Services. NRC DOES NOT WARRANT THAT THE RESPONSE SERVICES WILL RENDER THE SITE SAFE FOR ANY FORM OF HUMAN ACTIVITY OR IN COMPLIANCE WITH ANY STATE, LOCAL OR FEDERAL LAW.
- 3.3 NRC shall comply with applicable provisions of federal, state and local safety laws and regulations. While on CUSTOMER's facilities or vessels, NRC shall comply with all instructions received from CUSTOMER concerning safety policies and procedures. CUSTOMER shall give such instructions with as much advance notice as is practicable under the circumstances. NRC shall maintain all required safety training, including HAZWOPER training, of its employees. NRC does not have responsibility for the elimination or abatement of safety hazards created or otherwise resulting from conditions at the Site existing prior to NRC's presence, or arising from work at the Site carried on by CUSTOMER's employees, agents or other contractors. CUSTOMER agrees to cause its employees, agents and other contractors to comply with all applicable provisions of federal, state and local safety laws and regulations and all reasonable requests of NRC for the elimination or abatement of any safety hazard at the Site.
- 3.4 CUSTOMER agrees that (i) actions carried out in an emergency response may be inherently dangerous and difficult, (ii) rules and requirements that may be appropriate and applicable under normal circumstances may not

be appropriate or applicable in a particular emergency situation, as recognized by the considerable authority of governmental or regulatory agencies to direct private actions in a response, and (iii) there are unresolved jurisdictional and applicability issues associated with emergency response that may make it difficult to determine the applicability of a particular requirement. This Agreement will not be interpreted in a manner that would hold NRC to a standard that would be unreasonable under the actual conditions of a particular spill event. All NRC actions carried out consistently with the directions of the federal or state on scene coordinator or with approval of applicable safety officials comply with Article 3.3.

- 3.5 NRC will require laboratories hired by NRC to maintain samples for thirty (30) calendar days from the date the analysis is performed. After thirty (30) calendar days, at CUSTOMER's direction, the samples will be returned to CUSTOMER or CUSTOMER shall pay all charges and expenses associated with disposal.

ARTICLE 4 CUSTOMER'S RESPONSIBILITIES

- 4.1 Prior to the commencement of the Services, CUSTOMER shall designate a representative to NRC who is acquainted with the Services, and who has authority on behalf of CUSTOMER to approve changes in the Services, approve and sign daily work reports submitted by NRC, resolve disputes in invoices, render decisions promptly, execute waste manifests and furnish information expeditiously and in time to meet the time schedule for completion of the Services.
- 4.2 CUSTOMER shall provide full and complete information regarding its requirements for the Services and shall immediately transmit to NRC any new information which becomes available or any change in plans subsequent to any such providing of information. CUSTOMER shall communicate to NRC those special hazard risks involved in the excavation and/or removal of the Wastes of which it is or becomes aware including any relevant notification of substantial risk given by CUSTOMER pursuant to the Toxic Substances Control Act.
- 4.2.1 CUSTOMER shall furnish to NRC available information on the Site describing: physical characteristics, soil reports and subsurface investigations, the location of any installations and underground utilities, legal limitations, legal description, and other reports or documents that may be reasonably requested by NRC. In the event the Site is not owned by CUSTOMER, CUSTOMER is responsible for obtaining any information relative to the Site from the owner and providing that information to NRC.
- 4.3 Except as otherwise agreed in writing by NRC to be NRC's responsibility, CUSTOMER shall secure and pay for all necessary approvals, easements, assessments, permits and charges required for the Services to be performed. CUSTOMER shall secure all necessary approvals, judicial and/or administrative orders necessary to insure NRC's legal access to the Site. Any right-of-way provided by CUSTOMER to/from the Site and/or to/from the most convenient public way, is sufficient to bear the weight of all NRC's equipment and vehicles required to perform the Services. NRC is not responsible for any changes required to be made to any private pavement or accompanying subsurface of any route for its performance of the Services. CUSTOMER shall be responsible for, or pay NRC's charges associated with, repairs to all private property, structures, roadways and rights-of-way arising out of the wear and tear resulting from NRC's reasonable use during the performance of the Services.
- 4.4 Upon NRC's written request, CUSTOMER shall furnish reasonable evidence satisfactory to NRC that sufficient funds are available and committed for the entire cost of the Services. Unless such evidence is furnished, NRC is not required to commence or continue any Services. If such evidence is not presented within ten (10) business days of the request, NRC may terminate this Agreement under Article 12. NRC's failure to request or insist upon the receipt of this evidence is not a waiver of CUSTOMER's obligation to make payments pursuant to this Agreement, or NRC's right to request or insist that such evidence be provided at a later date.
- 4.5 CUSTOMER shall execute all transportation, treatment and disposal manifests and other documentation as generator of the Wastes recovered or created during performance of the Services.
- 4.6 CUSTOMER warrants that the Services do not violate any final court order or any final ruling of any governmental agency.
- 4.7 CUSTOMER shall pay all taxes, assessments, and fees associated with the Services, including taxes for which CUSTOMER claims it is exempt or for which CUSTOMER issues NRC direct-pay permits, generator, disposal and other fees. CUSTOMER shall reimburse NRC for all sales taxes, use or similar taxes or assessments or fees paid by NRC related to the Services.
- 4.8 CUSTOMER shall report any "confirmed release" to the appropriate local, state and federal agency in accordance with any applicable regulation. CUSTOMER shall indemnify, defend and hold harmless NRC from any and all fines, penalties, assessments and costs resulting from any failure of CUSTOMER to report such release.

- 4.9 CUSTOMER represents and warrants (a) that the description of the Waste on the Waste Profile is accurate and complete; (b) that Wastes to be transported by NRC for disposal or recycling will conform to such description; (c) that containers of Wastes will be marked, labeled and otherwise conform with all applicable federal, state and local laws, regulations, and ordinances (unless such activities are within NRC's scope of work); (d) that it holds clear title to all Wastes to be transported by NRC hereunder; (e) that it is under no legal restraint or order which would prohibit transfer of possession of such Wastes to NRC for transportation and disposal; and (f) that it has communicated and will communicate to NRC during the Term hereof those hazards known by or become known by CUSTOMER to be associated with the handling, transportation, treatment, storage and disposal of the Wastes.
- 4.10 The obligations and information required by Articles 4.1 to 4.9 will be furnished with reasonable promptness at CUSTOMER's expense and NRC is entitled to rely upon the accuracy and the completeness of the information in the performance of the Services.

ARTICLE 5 COMPENSATION

- 5.1 Unless otherwise stated in a written proposal for Planned Services issued by NRC, CUSTOMER shall pay NRC for all Services performed on a time and materials basis in accordance with the terms and rates set forth in EXHIBIT C, NRC's Schedule of Rates, as amended in accordance with Article 5.1.1. CUSTOMER shall pay for all personnel provided by NRC in accordance with these rates, whether they are permanent or temporary employees of NRC, or employees of third parties who provide personnel to NRC on a contract basis. NRC administrative personnel required to perform project specific record-keeping, reporting, accounting, logistics and resource allocation are required for the proper performance of the Services and shall be paid for at the rates set forth in EXHIBIT C. All equipment and materials provided by NRC that are listed in EXHIBIT C, whether rented or owned, shall be paid for at the rates contained in EXHIBIT C. CUSTOMER shall pay for all expenses incurred by NRC in connection with the Services, including expenses for travel (including local travel), meals, lodging, reproduction, deliveries, equipment rental, freight, transportation, disposal, and subcontractor charges, in accordance with EXHIBIT C. All equipment rental, subcontractor charges, disposal services, material costs and other third-party charges for services, personnel, materials or equipment not listed on EXHIBIT C will be invoiced by NRC and paid for by CUSTOMER at the cost of such services, personnel, equipment or materials to NRC, plus a markup specified in the applicable Schedule of Rates, unless otherwise agreed in writing by both Parties.
- 5.1.1 The rates set forth in EXHIBIT C shall be firm from the date of execution until NRC provides written notice of a rate change. NRC's written notice to CUSTOMER of a rate change may be made either by electronic mail to the primary CUSTOMER contact or by publication on www.nrcc.com, which client may access after having obtained a username and password from NRC. NRC's rates are usually updated on an annual basis on or around February 18th, though NRC reserves the right to make changes more frequently.
- 5.2 Unless specifically stated otherwise by NRC in a written proposal for Planned Services, estimates of the cost of Services provided by NRC are provided for budgetary purposes only, are not guaranteed, and will not limit the amount of compensation that NRC will receive for performance of the Services. This provision applies notwithstanding language to the contrary appearing on any purchase order or other written documentation provided to NRC by CUSTOMER, unless such purchase order or other written documentation fully satisfies the terms of Article 16.12.
- 5.3 NRC shall submit invoices setting forth the amounts due for all current charges and expenses on a periodic basis (which may be daily, weekly or monthly, at NRC's sole discretion) upon completion of the Services. Unless a different address is provided by CUSTOMER in writing, NRC shall submit all invoices to the address shown on the signature page of this Agreement. All invoices are due within thirty (30) calendar days from the date of the invoice. CUSTOMER shall send payment to NRC as follows.
- 5.3.1 CUSTOMER shall, within fifteen (15) calendar days of receipt of an invoice, communicate in writing to NRC any invoice errors, discrepancies or disputes. The written notice must specifically state the portion in dispute and describe the dispute in such detail that NRC has full notice of the dispute. If such communication is not made within this 15-day period, the invoice will be deemed to be approved and will be paid. CUSTOMER agrees that failure to provide such written notice within this 15-day period constitutes a complete waiver of any such dispute(s). If an error, discrepancy or dispute is identified, then the Parties will endeavor to resolve the dispute within fifteen (15) days. If no resolution is made within this time frame, the disputed amount will be excluded from the total invoice amount, and the Parties will exercise good faith to resolve the dispute within thirty (30) calendar days. The undisputed balance of the invoice will be paid within thirty (30) calendar days after the original invoice date. Payments from CUSTOMER shall first be applied to interest, if any, and then to principal.

- 5.3.2 Balances outstanding more than thirty (30) calendar days after the invoice date shall be deemed delinquent and shall earn interest at the rate of 1.5 % per month, or the maximum rate permitted by law (whichever is less), from the due date until paid. In addition to interest, CUSTOMER is responsible for all costs incurred by NRC (including costs incurred in any bankruptcy or insolvency proceeding) to collect overdue amounts, including collection fees, filing fees, court costs, attorney's fees (including, without limitation, costs for actual time expended by in-house counsel, which shall be calculated at the prevailing market for attorneys of similar experience practicing in the jurisdiction) and the costs of any experts. NRC reserves all legal rights and recourses against CUSTOMER and its property, including the right to place liens on property or vessels, for failure of CUSTOMER to pay invoices when due. In addition, NRC may suspend performance of the Services in the event any invoice is delinquent, and continue the suspension until all delinquent invoices are paid. CUSTOMER shall pay all costs incurred by NRC during, and arising as a result of the suspension period in accordance with EXHIBIT C.
- 5.3.3 Upon request by NRC, CUSTOMER shall provide security for payment as follows: (i) by depositing funds in an escrow account with an escrow agent on terms acceptable to NRC; (ii) by providing a standby letter of credit in favor of NRC issued on terms and by a commercial bank acceptable to NRC; or (iii) by arranging such other form of security or credit arrangement on terms acceptable to NRC. The amount of security will be determined in NRC's sole discretion as appropriate under the circumstances, and will be increased as required by NRC. NRC is not obligated to continue to provide Services when it has not been timely paid or provided with acceptable security.
- 5.4 For one year from the completion of each request for Services, NRC will maintain records of all labor, materials, equipment and expenses invoiced to CUSTOMER on a rate sheet or reimbursable basis and will make such records available to CUSTOMER for review during normal business hours at the NRC office providing the Services. This right of review shall not extend to the makeup or various components of rates or unit prices provided to CUSTOMER.
- 5.5 CUSTOMER shall at all times be responsible for the payment of NRC's invoices, regardless of CUSTOMER's entitlement to payment or reimbursement from its insurer or any other third party.
- 5.6 CUSTOMER hereby assigns to NRC all rights to any insurance payments that CUSTOMER may be entitled to receive for the Services provided under this Agreement and hereby authorizes its insurance company or agent to pay NRC directly. Notwithstanding the foregoing assignment, CUSTOMER shall retain the obligation to make payment in accordance with this Agreement and grants NRC the right, at its sole option, to place a lien against any such insurance payments.
- 5.7 CUSTOMER agrees to pay NRC in accordance with Exhibit C for any litigation support or testimony provided by NRC in connection with or arising out of the Services performed by NRC under this Agreement, whether or not called for by subpoena or court process.

ARTICLE 6 CHANGES IN THE SERVICES

- 6.1 CUSTOMER and NRC may request changes in the Services. In the event changes in the Services, emergencies, changed conditions, or delays and interferences result in increased work requirements, extended schedule or increased cost to perform the Services, CUSTOMER shall pay NRC for such changed or increased Services or delays in accordance with EXHIBIT C (or as otherwise mutually agreed by the Parties in writing).
- 6.2 Response Services are governed and regulated by state, federal and local laws and regulations and other requirements of government agencies with jurisdiction over emergency events and environmental matters. To the extent any governmental requirements increase the scope of Response Services and the expenses associated with such Response Services, CUSTOMER shall pay NRC for all Response Services and expenses in accordance with Exhibit C

ARTICLE 7 INSURANCE

- 7.1 NRC shall carry at its expense, during the term of this Agreement, the insurance coverages set forth below:

COVERAGE	LIMITS
(a) Worker's Compensation	Statutory
(b) Employer's Liability	\$1,000,000 each occurrence
(c) Commercial General Liability	\$1,000,000 per occurrence
(Bodily Injury &	\$2,000,000 aggregate
Property Damage)	
(d) Automobile Liability	\$1,000,000 combined

(Bodily Injury &
Property Damage)
(e) Contractor's Pollution Liability

single limit/aggregate

\$1,000,000 per claim

NRC will furnish CUSTOMER, upon CUSTOMER's request, insurance certificate(s) evidencing the above coverages. CUSTOMER will be designated an additional insured on the General Liability policy to the extent of negligent operations performed by NRC. CUSTOMER shall maintain its own liability insurance to cover its own fault or negligence and any indemnity obligations described in this Agreement.

- 7.2 CUSTOMER waives all rights against NRC for damages covered by property insurance during and after completion of the Services, except in the case of gross negligence or willful misconduct of the other party.

ARTICLE 8 INDEMNIFICATION

- 8.1 Subject to Article 8.1.1 below, CUSTOMER's indemnification obligations and Articles 14 and 15, NRC shall indemnify, defend and save harmless CUSTOMER, its parent and affiliated companies, their directors, officers, employees, and agents ("CUSTOMER Indemnitees") from liabilities, claims, demands, damages, causes of action, costs and expenses, including reasonable attorney's fees and costs of defense (collectively referred to as "Claims") for bodily injury to or death of any person or destruction of or damage to any property of any third party, but only to the extent arising from (i) the negligent and gross negligent acts or omissions or willful misconduct of NRC, its agents, employees or subcontractors in the performance of the Services, or (ii) the failure of NRC or any of its employees, agents or subcontractors to comply with any their duties and obligations under the law. NRC's obligation does not extend to Claims arising from (a) CUSTOMER Indemnitees' failure to comply with its obligations under the law or this Agreement, (b) negligent or gross negligent acts or omissions or willful misconduct of CUSTOMER Indemnitees, anyone under contract with CUSTOMER or otherwise under CUSTOMER's direction and control, or (c) acts or omissions of any third party.

- 8.1.1 Notwithstanding anything to the contrary contained herein, where the Services consist of or are related to responses to releases or threatened releases of oil or hazardous substances, to the fullest extent allowable by law, CUSTOMER agrees to indemnify, defend and hold harmless NRC, its parent, subsidiary and affiliated companies and their respective directors, officers, employees, agents, successors and assigns from and against any and all claims, costs, losses, liabilities, claims, demands and causes of action for pollution damages; contamination or adverse effects on the environment, destruction of, damage to or loss of, whether actual or alleged, any property or natural resources, including the costs of assessing the damage; injury to or economic losses resulting from destruction of real or personal property; damages for loss of profits or impairment of earning capacity due to the injury, destruction or loss of real property, personal property or natural resources; damages for net costs of providing increased or additional public services; removal costs; and any other costs assessable under the Oil Pollution Act of 1990, as amended, the Comprehensive Environmental Response, Compensation and Liability Act, as amended, the Federal Water Pollution Control Act, as amended, or other federal or state law or lawful authority applicable to threatened or actual releases of oil or hazardous substances which NRC may suffer, incur, or pay out in connection with, or arising out of the threatened or actual release of oil or hazardous substances by or owned by CUSTOMER and for which responder immunity is conferred upon NRC. Operation of such responder immunity shall be suspended if NRC is grossly negligent or engages in willful misconduct. For the purposes of this indemnity, "gross negligence" shall not be deemed to include (a) NRC's lack of available equipment or personnel, (b) failure of NRC's equipment, (c) acts performed by NRC at the direction of the U.S. Coast Guard or other governmental authority, or (d) acts performed by NRC at the direction of the CUSTOMER or any of CUSTOMER's agents, representatives or other contractors.

- 8.2 CUSTOMER shall indemnify, defend and hold harmless NRC, its parent and affiliated companies, their directors, officers, employees, agents, and subcontractors ("NRC Indemnitees") against Claims to the extent arising out of or as a result of (i) the negligent acts or omissions or willful misconduct of CUSTOMER Indemnitees and its other contractors; or (ii) the failure of CUSTOMER Indemnitees or other contractors to comply with any of their duties and obligations under the law.
- 8.3 CUSTOMER shall indemnify, defend and hold harmless NRC Indemnitees from all Claims arising out of or as a result of (i) the presence of NRC Indemnitees on the Site; and (ii) the discharge, escape or release of Wastes from CUSTOMER's property or the property of others, except to the limited extent caused by the active negligence, gross negligence or willful misconduct of NRC Indemnitees in the performance of the Services.

- 8.4 CUSTOMER shall pay NRC for any reasonable attorneys' fees, legal expenses, reproduction costs and other costs incurred by NRC and charges for the time of NRC's personnel spent to respond, defend or participate in disputes involving CUSTOMER or the subject matter of the Services when NRC is not a named party and the Claim does not fall within NRC's indemnity and defense obligations, including when NRC is called or subpoenaed for depositions, examinations, appearances or document production.
- 8.5 CUSTOMER agrees that NRC shall not be responsible or liable for pre-existing contamination at any job location.

ARTICLE 9 CONFIDENTIALITY

- 9.1 For purposes of this Article, "Information" means any verbal, handwritten, typewritten, printed, recorded or graphic matter (including computer-generated mediums) containing proprietary business information of either Party which may come within the knowledge of the other Party in the performance of this Agreement. "Confidential Information" is any Information that has been designated in writing by the Party seeking to protect the Information under this Article. In the case of verbal or visual Information, the Party seeking to apply this Article to the Information shall, within three (3) business days of the conveyance of the Information to the other Party, notify the other Party in writing that the Information is considered Confidential Information and to treat it as such under this Article.
- 9.2 NRC and CUSTOMER (including both Parties' employees, officers, agents, and directors) shall treat Confidential Information as confidential and proprietary and not disclose it to others during or for a period of three (3) years after the completion of any Services performed under this Agreement (except as is necessary to perform Services under this Agreement), without securing the prior written consent of the other Party.
- 9.3 Nothing contained within this Article will prevent either NRC or CUSTOMER from disclosing to others or using in any manner Confidential Information which either Party can show:
- 9.3.1 has been published and has become part of the public domain other than by acts, omissions, or fault of the receiving Party;
 - 9.3.2 has been furnished or made known to the receiving Party by third parties (other than those acting directly or indirectly for or on behalf of the disclosing Party) as a matter of legal right without restrictions on its disclosure; or,
 - 9.3.3 was in the receiving Party's possession prior to the disclosure thereof by the other Party.
- 9.4 If either Party is required by subpoena, court, or administrative order ("Order") to disclose Confidential Information of the other Party, the disclosing Party shall give notice to the other Party prior to the date the Party is ordered to disclose the Confidential Information. Upon receipt, the Party whose Confidential Information is the subject of the Order may interpose.

ARTICLE 10 EXCUSE OF PERFORMANCE

- 10.1 The performance of this Agreement, except the obligation to pay for Services already rendered, may be suspended in the event performance is prevented by a cause or causes beyond the reasonable control of the performing Party. Such causes include, but are not limited to: acts of God; acts of war; acts of terrorism; riots; fires; explosions; accidents; floods; abnormal weather; sabotage; requirements of Governmental laws, regulations, permits, ordinances, rules, orders or actions; national defense requirements; injunctions or restraining orders; failure or refusal of disposal facilities to handle or receive Wastes; labor trouble, strike, lockout or injunction (provided that neither Party shall be required to settle a labor dispute against its own best judgment); and, in the case of Response Services, traffic or other events beyond NRC's reasonable control that delay its Response Services.
- 10.2 The Party asserting a right to suspend performance under this Article must, within a reasonable time after it has knowledge of the effective cause, notify the other Party of the cause for suspension, the performance suspended, and the anticipated duration of suspension.
- 10.3 Upon receipt of notice advising the other Party of a suspension of performance, the Parties shall mutually agree on one of the following:
- 10.3.1 termination of all or any part of the Services affected;
 - 10.3.2 demobilization of affected personnel and equipment from the Site with remobilization to the Site occurring at a mutually agreeable time after the end of the suspending event; or,
 - 10.3.3 placement of affected personnel and equipment in a standby mode until the end of the suspending event.

- 10.4 If the Parties agree to option 10.3.1 above, CUSTOMER shall compensate NRC as set forth in Article 12.3. If the Parties agree to either option 10.3.2. or 10.3.3 above, the Parties shall agree to schedule adjustments and adjustment to compensation in the manner as set forth in Articles 5 and 6.

ARTICLE 11 DIFFERING SITE CONDITIONS

- 11.1 NRC is entitled to equitable adjustments in the compensation and schedule of Services in the event NRC encounters physical, structural, utilities, subsurface, soil or other conditions at the Site differing from those indicated by CUSTOMER, contained in documents provided to NRC for pricing purposes or revealed from a visual site inspection. The Parties will agree in writing upon an appropriate amendment or change order to the Authorization to Proceed issued for the Service to reflect the cost and schedule impact of such conditions. NRC is not required to continue performance of the Services upon notification to CUSTOMER of the differing site conditions until an amendment or change order is agreed upon.
- 11.2 Absent mutual agreement to the contrary, NRC shall be entitled to compensation for Services rendered as a result of changed conditions in accordance with EXHIBIT C.

ARTICLE 12 TERM AND TERMINATION

- 12.1 This Agreement shall have an initial term of one (1) year from the date hereof and shall continue in effect from year to year thereafter, provided however, that either party may terminate this Agreement at any time upon thirty (30) days' prior written notice to the other party.
- 12.2 This Services being performed under this Agreement, may be terminated with or without cause by either Party upon thirty (30) calendar day's written notice to the other Party.
- 12.3 This Agreement, or Services being performed under this Agreement, may be terminated by either Party upon forty-eight (48) hours written notice should the other Party fail substantially to perform its material obligations under this Agreement through no fault of the Party initiating the termination, provided the Party initiating the termination has given the other Party written notice of the deficiency, and allowed that Party a reasonable period of time, not to exceed five (5) business days, to commence to cure the deficiency before notice of termination is issued.
- 12.4 In the event of termination, CUSTOMER shall compensate NRC for (a) all Services performed prior to termination; (b) all materials purchased by NRC for the CUSTOMER; (c) all administrative costs associated with the termination of this Agreement or the Services; (d) reasonable demobilization and decontamination charges, (e) any other costs incurred by NRC resulting from the termination of this Agreement or the Services.

ARTICLE 13 DELEGATION AND ASSIGNMENT

- 13.1 NRC may, without the prior consent of CUSTOMER, delegate, the performance of a portion of the Services. However, any delegation by NRC shall not operate to relieve NRC of its responsibilities hereunder.
- 13.2 Neither Party may assign any rights or remedies hereunder without the prior written consent of the other Party, which consent shall not be unreasonably withheld, delayed or conditioned, provided, however, that NRC may assign this Agreement to an Affiliate without the prior written consent of CUSTOMER.

ARTICLE 14 HANDLING OF SUBSTANCES

- 14.1 During the Term of this Agreement, CUSTOMER may, from time to time, provide certain materials (including but not limited to, hazardous and non-hazardous waste) to NRC for transportation and/or disposal. Wastes to be handled pursuant to this Agreement shall be agreed upon in advance in writing by NRC and CUSTOMER. CUSTOMER shall then provide NRC with a waste profile sheet or similar document which accurately and completely describes the Waste and its characteristics (the "Waste Profile"). CUSTOMER shall provide NRC with CUSTOMER's EPA identification number and any other identification or authorization required by law and assigned to CUSTOMER.
- 14.2 The treatment, storage and disposal facility ("TSDF") to which the waste materials are to be transported shall be designated by CUSTOMER to NRC in writing. CUSTOMER may also direct or authorize NRC to complete and/or sign hazardous waste manifests and/or bills of lading (collectively "Shipping Documents") as an agent for and on behalf of CUSTOMER, in which event CUSTOMER must execute a Certificate of Authority to Act as Agent for Signing Shipping Documents, a sample of which is attached to this Agreement as EXHIBIT D. Once the TSDF designation and the signature direction or authorization are signed by CUSTOMER, they shall be incorporated into and become a part of this Agreement.
- 14.3 Notwithstanding NRC's assisting CUSTOMER with qualifying and/or choosing a TSDF and/or signing Shipping Documents on behalf of CUSTOMER, NRC shall not be deemed to be the "Generator", "Arranger" for disposal or "Disposer" of the Wastes, as such terms are defined in applicable federal and state laws and regulations

governing the disposal of wastes, provided, however, that NRC shall be deemed to be an Arranger and/or a Disposer if the designated TSDF is owned or operated by NRC. CUSTOMER shall defend, indemnify and hold harmless NRC for all liability, costs and expenses (including the costs of investigating such claim and any legal fees and costs, including costs of in-house counsel computed as set forth in Article 5.4 hereof and costs of any experts required) in the event that NRC is alleged to be by any private party or governmental authority with being a "Generator", an "Arranger" or a "Disposer" as aforesaid, except with respect to designated TSDFs owned or operated by NRC.

- 14.4 CUSTOMER shall retain the primary responsibility for compliance with the provisions of such Regulations governing the treatment, storage and disposal of the Wastes. Title, risk of loss and all other incidents of ownership of the Wastes shall remain with CUSTOMER until such time as the Wastes are accepted by and transferred to the designated TSDF. In the event that the TSDF rejects the Wastes because (a) the Wastes are improperly packaged or labeled; or (b) the Wastes contain constituents or have characteristics or properties not disclosed on the Waste Profile and which increase the costs of disposal or increase the risk of hazard to human health and the environment by the acceptance, handling and/or disposal of the Wastes; or (c) the designated TSDF is not permitted to dispose of Wastes with such previously undisclosed characteristics or properties, CUSTOMER shall designate in writing an alternate TSDF. Except to the extent that rejection is due to NRC's active negligence or willful misconduct, CUSTOMER shall compensate NRC at the applicable Rates for the additional handling and transportation of the rejected wastes.
- 14.5 CUSTOMER shall provide NRC with CUSTOMER's EPA identification number and any other identification or authorization required by law and assigned to CUSTOMER.
- 14.6 If CUSTOMER requests NRC's assistance, then NRC, as requested and directed by CUSTOMER, may perform the following Services:
- 14.6.1 obtain analytical testing to assist CUSTOMER in the proper characterization of the Waste for manifest preparation;
 - 14.6.2 identify potential transporters and disposal facilities which may be used in the transportation and disposal of Wastes collected;
 - 14.6.3 enter into subcontract or purchase order arrangements with transporters and/or disposal facilities selected by CUSTOMER on behalf of CUSTOMER; and,
 - 14.6.4 prepare manifests for CUSTOMER's approval and execution.
- 14.7 NRC shall not be liable to CUSTOMER (or any person claiming through CUSTOMER) in any amount for any personal injury, illness, death or property damage caused in whole or in part by Waste that is handled by NRC in the performance of this Agreement, except to the extent caused by the active negligence or willful misconduct of NRC.
- 14.8 NRC shall have no liability to CUSTOMER (or any person claiming through CUSTOMER) for contamination or change in character or properties of any Waste that is off-loaded by NRC by pump, vacuum or otherwise into equipment supplied by CUSTOMER for transportation by CUSTOMER, NRC or a third party to a destination designated by CUSTOMER. CUSTOMER hereby releases NRC from and indemnifies NRC against any such liability or damages. Any increase in cleanup, transportation, treatment or disposal costs as a result in any such contamination or change in character or properties of the Waste shall be paid for by CUSTOMER at its sole expense.
- 14.9 NRC shall be compensated for third party transportation and disposal charges at cost plus the markup contained in the current Price List. In the event NRC provided CUSTOMER with an estimate of disposal charges, that estimate is based upon information provided by the treatment or disposal facility and is not binding upon NRC.

ARTICLE 15 WARRANTIES AND LIMITS OF LIABILITY

- 15.1 NRC warrants that its provision of the Services under this Agreement will conform to the specifications provided by CUSTOMER and comply with all laws applicable to the Services. THIS WARRANTY IS IN LIEU OF, AND EXCLUDES ALL OTHER WARRANTIES, STANDARDS AND GUARANTEES, WHETHER EXPRESSED OR IMPLIED, ARISING BY OPERATION OF LAW OR OTHERWISE, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND ANY WARRANTY OF ANY EQUIPMENT, MACHINERY, PROCESS OR SYSTEM EMPLOYED OR PROVIDED BY NRC. CUSTOMER'S SOLE REMEDY AND NRC'S SOLE LIABILITY FOR BREACH OF WARRANTY SET FORTH IN THIS AGREEMENT SHALL BE THE RE-PERFORMANCE OF THE SERVICES IN QUESTION TO THE EXTENT NECESSARY TO CURE THE BREACH. Such remedy shall be available to CUSTOMER only if CUSTOMER reports the breach to NRC within a reasonable period of time after discovery

of the breach and in any event prior to completion and demobilization of Response Services, or not later than (i) 60 days after completion of Planned Services involving cleaning and removal services; or (ii) one year after completion of Planned Service involving the installation of permanent equipment or materials.

- 15.2 To the fullest extent allowed by law, NRC, its parent and affiliated companies, their directors, officers, employees, agents and subcontractors, shall not be liable to CUSTOMER, and CUSTOMER hereby releases them from special, indirect, incidental, consequential or exemplary damages in any way related to or in connection with the Services, this Agreement or their presence at the Site, regardless of the cause, including negligence, gross negligence, willful misconduct or strict liability.
- 15.3 To the fullest extent permitted by law, the total liability, in the aggregate, of NRC and its officers, directors, employees, agents and independent professional associates or consultants to the CUSTOMER and any one claiming by, through or under the CUSTOMER for all injuries, claims, losses, expenses, or damages whatsoever arising out of or in any way related to NRC's Services or this Agreement, from any cause or causes whatsoever, including but not limited to the gross negligence, errors, omissions, strict liability, breach of contract, breach of warranty of NRC or NRC's officers, directors, employees, agents and independent professional associates or consultants, or any of them, shall not exceed the cost of the Services provided by NRC or the sum of \$50,000.00, whichever is less. NRC may, upon the CUSTOMER's written request, agree to increase the limit of NRC's liability for gross negligence, errors, omissions, strict liability, breach of contract or breach of warranty in consideration of payment by the CUSTOMER of additional monetary and/or other consideration. CUSTOMER agrees that CUSTOMER's payment of the additional fee does not constitute a charge for placement of additional insurance.
- 15.3.1 This limitation of liability applies to all injuries, damages, claims, losses, expenses and defense costs, whether based in contract, negligence, strict liability, statutory, warranty, trespass, indemnity, misrepresentation or any other theory of liability, except intentional misconduct, collectively hereinafter referred to as the "Claim." If the Claim is covered and the Insurer acknowledges and provides coverage under NRC's commercial general liability or automobile liability insurance policy that exceeds this limitation of liability, NRC's liability will be increased to the extent of coverage afforded by the insurance outlined in Article 7 above; provided, however, that NRC's liability shall not be increased if the applicable insurance carrier is placed in receivership, becomes insolvent or is otherwise unable to fulfill its obligations under the applicable policy. Any claim will be deemed waived unless received by NRC within three years of substantial completion of the services or, if shorter, the applicable statute of limitations period.
- 15.4 CUSTOMER agrees to hold personally harmless and to release all claims against any director, officer, employee or agent of NRC arising from any negligent act, error or omission now existing or hereinafter arising. CUSTOMER agrees that all claims for damages arising from any negligent act, error or omission shall be made against NRC directly and shall not be made personally against any of its directors, officers, agents or employees. CUSTOMER covenants not to sue personally any director, officer, agent or employee of NRC for any cause of action that may presently exist or any cause of action that may hereinafter arise or accrue from any negligent act, error or omission in connection with the performance of the Services or this Agreement. CUSTOMER agrees that all claims for damages that currently exist or that may hereinafter arise from any negligent act, error or omission in connection with the performance of the Agreement or otherwise shall be made against NRC and shall not be made personally against any of its directors, officers, agents or employees.

ARTICLE 16 ADDITIONAL GENERAL PROVISIONS

- 16.1 **Non-Solicitation** - To the extent permitted by law, during the term of this Agreement and for two (2) years after any termination of this Agreement, CUSTOMER will not, without the prior written consent of NRC, solicit, divert, hire, retain (including as a consultant) or encourage any employee or contractor of NRC to leave the employment of NRC, or hire or retain (including as a consultant) any former employee of NRC who has left the employment of NRC in the last two (2) years. Recognizing that compensatory monetary damages resulting from a breach of this provision would be difficult to prove, CUSTOMER agrees that it shall be liable in an amount equal to the annual earnings, for the year prior to their hiring by CUSTOMER, of each employee hired by CUSTOMER in breach of this provision.
- 16.2 **Waiver** - Any waiver by either Party of any provision or condition of this Agreement shall not be construed or deemed to be a waiver of any other provision or condition of this Agreement, nor a waiver of a subsequent breach of the same provision or condition, unless such waiver be so expressed in writing and signed by the Party to be bound. If the Party to be bound is NRC, such waiver must be signed by a duly authorized officer of NRC and must make specific reference to this Agreement.

- 16.3 **Arbitration:** Any controversy or claim arising out of or relating to this contract, or the breach thereof, except those controversies or claims related to non-payment by CUSTOMER for services rendered, may, at NRC's sole option, be settled by binding arbitration, with one mutually agreeable arbitrator, administered by the American Arbitration Association under its Commercial Arbitration Rules. The place of arbitration shall be in the location specified in the chart at the end of this Agreement, based on the state or commonwealth in which the services are performed. Judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof.
- 16.4 **Governing Law** - The validity, interpretation, and performance of the Agreement shall be governed by the laws of the state or commonwealth in which the Services are performed, and the Parties hereby submit to the jurisdiction of that state or commonwealth. Any mediation, arbitration or legal proceeding permitted hereunder shall be commenced and proceed in the county in which the Services are performed, unless the parties agree in writing to a different location.
- 16.5 **Attorney's Fees** - In event of litigation arising from this contract, CUSTOMER must pay for NRC's reasonable attorney's fees and costs of litigation.
- 16.6 **Severability** - If any article, section, sentence or clause of this Agreement is adjudged illegal, invalid or unenforceable, this shall not affect the legality, validity or enforceability of this Agreement as a whole or of any other part of this Agreement not so adjudged. To the fullest extent allowed by law, the violating provision will be reformed to most nearly approximate the Agreement's original intent.
- 16.7 **Successors and Assigns** - This Agreement shall apply to, inure to the benefit of and be binding upon the Parties and their respective successors and permitted assigns.
- 16.8 **Notice** - Any official notice to be given hereunder shall be in writing and deemed to have been sufficiently given when sent by confirmed facsimile transmission, courier service, delivered in person or by registered or certified mail, postage prepaid, return receipt requested, to the address of the respective Party shown on the signature page. Operational day-to-day communication required to be in writing, including daily work reports, may be provided to the other Party by electronic mail or other agreed upon transmission. Either Party may, by notice to the other, change the addresses and names identified below.
- 16.9 **Applicability:** All limitations of and releases from liability, and exclusive remedy provisions and entitlement to indemnity applicable to NRC by law or under this Agreement shall apply to NRC's affiliates, their officers, directors, employees, insurers and agents, and to any vessel owned or chartered by any of the above, and the master and crew of any such vessel.
- 16.10 **Entire Agreement** - This Agreement consists of: (i) this Agreement and its Exhibits; (ii) any Authorization to Proceed signed by the Parties; (iii) NRC's Proposal for Planned Services, if any; (iv) and amendments and change orders that fully satisfy the terms of Article 16.12. This Agreement represents the entire understanding and agreement between the Parties and supersedes any and all prior agreements, whether written or oral, that may exist between the Parties. All Exhibits are by this reference incorporated into this Agreement.
- 16.11 **Contra Proferentem** - Each and every provision of this Agreement shall be construed as though both parties participated equally in the drafting of same, and any rule of construction that a document shall be construed against the drafting party, including without limitation, the doctrine commonly known as contra proferentem, shall not be applicable to this Agreement.
- 16.12 **Headings and Defined Terms** - The headings in this Agreement are inserted for the convenience of the Parties only and shall not in any manner define, limit or describe the intent or scope, or in any manner affect this Agreement. All defined terms contained herein, designated by capitalization, shall have the meaning so ascribed, said meaning being equally applicable to both singular and plural forms or to grammatical variations (including, but not limited to, masculine, feminine, and neuter pronouns), as the case may be.
- 16.13 **Amendments; Change Orders** - This Agreement may be amended or modified only by a written amendment to the Agreement that identifies itself as an amendment to this Agreement and is executed by a duly authorized officer of each Party. Change Orders may not alter or modify the terms of this Agreement.
- 16.14 **Survival** - Anything herein to the contrary notwithstanding, the provisions of the Agreement relating to confidentiality, non-solicitation and any other provisions which by their nature should survive termination or expiration of this Agreement, shall so survive.
- 16.15 **Authority** - Each Party represents that the person signing this Agreement on its behalf is duly authorized and has the requisite corporate authority to bind the Party to the terms and conditions of this Agreement. Each Party is entitled to rely upon the authority of the person signing this Agreement on behalf of the other Party.

- 16.16 **Signature** - This Agreement can be signed in multiple counterparts, each of which is deemed an original, and together they shall constitute one and the same agreement. Signature of this Agreement may be effected by facsimile (with confirmation by transmitting machine) and/or transmitted by portable document format ("pdf") file which shall be treated as an original signature, and any such signature, facsimile, pdf file or copy of this signed Agreement is to be construed and treated as the original and shall be binding as if it were the original.
- 16.17 **Identity of NRC Entity** - If the incorrect entity is selected on the first page of this Agreement, then NRC shall have the ability, at any time, to correct the selected entity.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their duly authorized representatives as of the day and year as referenced on Page 1.

EXHIBIT C

NRC'S SCHEDULE OF RATES

Initial rates applicable to this Agreement are contained in the Price List, attached. This Price List is subject to adjustment in accordance with Article 5.1.1.

EXHIBIT D

CERTIFICATE OF AUTHORITY
TO ACT AS AGENT FOR SIGNING SHIPPING DOCUMENTS

_____ (the "GENERATOR") hereby authorizes NRC (as defined in the contract for services between NRC and Generator) to act as its agent for the sole and exclusive purpose of placing GENERATOR's signature(s) on shipping documents accompanying hazardous and/or non-hazardous wastes (i.e., Bills of Lading, Non-Hazardous Waste Manifests, Hazardous Waste Manifests, Waste Profiles, and like documents necessary for the transportation and/or disposal of hazardous and non-hazardous materials) generated by or otherwise in the possession of GENERATOR. The limited authority granted herein does not, and is not intended to, confer the status of Generator, Arranger or Disposer of hazardous and non-hazardous materials (as such terms are defined in applicable law) upon NRC, and is simply an accommodation by NRC due to GENERATOR's inability to sign such documents at the time of consignment of GENERATOR's wastes.

Notwithstanding NRC's signature on the aforementioned documents, GENERATOR retains any and all responsibilities regarding the materials covered by the documents to the same extent as if GENERATOR itself signed the documents. GENERATOR, on behalf of itself, its parent and subsidiary companies and their respective directors, officers, managers, employees, executors, administrators, personal representatives, and all of their respective successors and assigns shall indemnify, defend and hold harmless NRC, its parent and subsidiary companies and their respective directors, officers, managers, employees, executors, administrators, personal representatives, and all of their respective successors and assigns from all actions, causes of action, suits, damages, judgments and claims and/or demands which NRC may suffer as the result of its acting on behalf of GENERATOR for purposes of signing shipping document(s).

General Price List Terms: Customer's request for NRC to perform services constitutes an agreement to pay for those services under the Personnel, Equipment and Material Terms of this Price List, regardless of any estimates provided by NRC. Charges will be based on the most current published Price List. An Energy, Security, Insurance and Compliance fee of 9.5% will be applied to total invoice excluding taxes, state and local fees. Client is responsible to pay all tax(es), (e.g. sales, use, customs duties, or similar tax, import fees) which NRC (or its subcontractors) are obligated to pay as a result of the services provided or which NRC is required to collect, in association with any and all incidents. Rates are based upon net 10 payment terms unless otherwise agreed by prior written contract with NRC. Balances outstanding more than ten (10) days after the invoice date shall be deemed delinquent and shall earn interest at the rate of 1.5 % per month. Customers without a pre-existing NRC contract are subject to a minimum charge of \$5,000.00 to be paid at time of call out for emergency response services and any charges for services estimated to exceed the minimum are also payable in advance. All prices are in U.S. dollars. Payments made using credit cards (VISA, MASTERCARD, AMEX) shall incur an additional processing fee of 3%. Prices and equipment are subject to regional availability, when equipment is not available, then equipment rental cost + 20% shall apply. **Additional Price List terms for OSRO Services:** NRC resources responding on behalf of a party which is not a "NRC Client in good standing", will be charged a premium of two hundred fifty percent (250%) over and above published rates. NRC resources deployed to areas outside of the contractual Area of Service will be subject to a thirty percent (30%) surcharge. Equipment on standby will be charged at seventy five percent (75%) of Price List rates (excludes Oil Spill Response Vessels & Barges).

Personnel Terms:

1. Minimum call out is 4 hours per person, except for projects over 50 miles from office location which requires 8-hour daily minimum.
2. All Personnel rates are subject to the following:
 - a) Weekdays: 0700 to 1500 hours charged at Straight Time (ST = Hourly Rate); 1500 to 1900 hours charged at Overtime (OT = 1½ times the Hourly Rate); 1900 to 0700 hours charged at Double Time (DT = 2 times the Hourly Rate). Changes to start times for Weekday ST, OT and DT may be requested by Client and may be approved by NRC on a case-by-case basis for longer projects.
 - b) Saturday: First 8 hours charged at OT; hours over first 8 hours charged at DT.
 - c) Sundays and Holidays: All time charged at DT. The following are included holidays (on day as observed): New Year's Day, Presidents Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Day after Thanksgiving and Christmas Day. Other holidays may apply when employing certain union personnel, including but not limited to: Martin Luther King, Jr. Day, Cesar Chavez's Birthday, Veterans Day, day before Christmas and day after Christmas.
 - d) ST, OT and DT rates are applied per a) – c) above regardless of the number of hours worked for any Client on any particular day. Rates for hours subsequent to a break of less than 8 hours are charged at the appropriate OT or DT rate continuous to hours prior to the break.
 - e) All time for international projects charged at 150% times rates per a) - d) above.
 - f) All time for providing expert testimony in any court, deposition or hearing, etc. including preparation and travel time, charged at DT.
3. All project specific personnel, including accounting, administrative, personnel support, logistics and management, whether on site, at NRC offices, or at support locations, are chargeable. All personnel are charged according to the above rates, regardless of full-time, part-time or third party labor source status, unless provided as part of a specified subcontracted service. Surcharges apply for remote sites and prevailing-wage projects. Personnel charged per their standard category rates for participation in any activity provided on behalf of the Customer including depositions, interviews, document preparation, etc.
4. Time charges begin with equipment and personnel mobilization activities and terminate at the conclusion of the services, including transportation of equipment and personnel back to operations centers and any necessary demobilization activities. Personnel time is charged in half-hour increments for all personnel. All hourly rates will be charged Portal-to-Portal from the location of personnel when dispatched, including but not limited to NRC office, personnel home, hotel or other jobsite as applicable. Personnel on standby for Customer will be charged at 8 hours per 24-hour period.
5. Transportation and any incidental costs for all emergency response personnel, both on site, at support locations and traveling to and from the site or support locations, are charged at cost plus 20%. Per Diem charges for food in metropolitan areas are \$75.00 per person per day. Non-premium area per diem rates for lodging are \$150.00 per person per day, unless actual costs incurred are greater, in which case charges will be billed at cost plus 20%. In lieu of per diem, marine personnel assigned to vessels will be billed a daily "rack & meal" charge of \$25.00 per rack and \$25.00 per meal, per day. The above "rack & meal" charge will also apply to non-NRC personnel assigned to a vessel. Rates for premium areas and remote sites to be determined by NRC at time of service.

EQUIPMENT

CATEGORY	ITEM #	DESCRIPTION	UNIT	RATE
BOOM AND ACCESSORIES	1001	Anchor Gear	Each/Day	34
	1002	Boom Mooring Light	Each/Day	15
	1012	Boom Vane	Each/Day	255
	1003	Contractor Boom, up to 21"	Ft/Day	2
	1004	Petro Barrier, up to 24"	Ft/Day	3
	1005	Ocean Boom, up to 42"	Ft/Day	7
	1007	Hydro-Boom System (boom, pumps, power pack, reel)	Day	3,091
	1008	American Fire Boom (500' system minimum)	Day	3,091
	1009	Oil Boom Inflator/Blowers	Day	155
	1010	Hull Magnets	Each/Day	32
	1011	Dual-Roller Boom Handler	Day	335
RECOVERY VESSELS	2025	NRC OSRV up to 126' (includes Master and installed skimmers)	Day	12,469
	2026	NRC Recovery, 46' Catamaran w/Disk Skimmer	Day	5,151
	2003	Belt Skimmer Vessel, JBF DIP 3001	Hour	379
	2004	Belt Skimmer Vessel, Marco I C	Hour	406
PORTABLE RECOVERY	2002	Belt Skimmer, Marco Class XI-C	Day	4,330
	2005	Brush Skimmer, Lamor	Day	3,897
	2006	Brush Skimmer, Aquaguard RBS-40	Day	2,706
	2007	Brush Skimmer, Aquaguard RBS-25, 35G or 10 Twin	Day	2,165
	2008	Brush/Drum/Disc Skimmer, Aquaguard RBS-05	Day	920
	2027	Disc Skimmer, Crucial Magna ORD	Day	901
	2028	Disc Skimmer, Crucial ORD-XP	Day	840
	2029	Disc Skimmer, Hoyle T	Day	1,236
	2009	Disc Skimmer, MI-30, Komara 12K, NRC Disc	Day	1,948
	2010	Disc Skimmer, Vikoma Sea Skimmer	Day	2,165
	2124	Disc Skimmer, X-150, Elastec	Day	4,871
	2030	Disc Skimmer, Crucial, Coated Disc 13/30	Day	1,801
	2031	VOSS Package (disc skimmer, power pack, hose, knuckle crane, boom vane)	Day	4,121
	2011	Drum Skimmer, Roto 70	Day	3,789
	2032	Drum Skimmer, Elastec 118G	Day	2,184
	2012	Drum Skimmer, Action Petroleum Model 60, 48	Day	1,515
	2013	Drum Skimmer, Action Petroleum Model 36	Day	1,299
	2014	Drum Skimmer, Action Petroleum Model 18, 24	Day	866
	2033	Drum Skimmer, Action Petroleum Model 12	Day	618
	2034	Drum Skimmer, Crucial Double DB-18H-36	Day	850
	2035	Drum Skimmer, Crucial 1D-18H-36	Day	639
	2036	Rope Mop Skimmer, 8 Band	Day	1,906
	2037	Rope Mop Skimmer, 4 Band	Day	1,283
	2015	Rope Mop Skimmer, II-9	Day	866
	2016	Rope Mop Skimmer, I-4, II-4, II-6	Day	649
	2017	Rope Mop Skimmer, extra rope, 100'	Day	119
	2038	Vacuum System, Elastec Mini-Vac	Day	948
	2039	Vacuum System, Elastec PACS 1000	Day	1,071
	2040	Vacuum System, Transvac 500D	Day	1,030
2018	Vacuum System, Vacuum Transfer Unit (VTU)	Day	1,071	
2019	Weir Skimmer, Desmi 250	Day	3,789	
2041	Weir Skimmer, Elastec Sea Skater	Day	1,700	
2044	Weir Skimmer, Elastec Ocean Skater	Day	2,524	
2020	Weir Skimmer, Foilex, vacuum	Day	1,624	
2021	Weir Skimmer, Foilex, hydraulic	Day	2,706	
2022	Weir Skimmer, Cascade LP 3000 or Vikoma Fastflow	Day	1,732	
2023	Weir Skimmer, Skimpak or Oleo, 2" or 3"	Day	361	
2042	Weir Skimmer, Floating (Desmi Mini-Max, Duckbill,	Day	361	
2043	Weathered Oil, NRC SWORD (dewatering bags \$85/ea add'l)	Day	1,910

	4006	Response Vessel, 16' - 24'	Hour	108
	4007	Skiffs w/outboard, 15' or less	Hour	56
	4008	Skiffs w/o outboard	Hour	28
TEMPORARY STORAGE	3001	Bladder Tank, 24 barrel	Day	271
	3002	Bladder Tank, 25 - 100 barrel	Day	541
	3003	Bladder Tank, 101 - 240 barrel	Day	1,082
	3004	Container, Intermodal or Connex Storage, 20'	Day	26
	3005	Container, Intermodal or Connex Storage, 40'	Day	48
	3006	Roll-off Bins, up to 20 cu. yd.	Day	26
	3007	Roll-off Bins, over 20 to 40 cu. yd.	Day	48
	3008	Storage Tank, 500 to 2,499 gallon	Day	24
	3009	Storage Tank, 2,500 to 4,499 gallon	Day	28
	3010	Storage Tank, 4,500 to 6,000 gallon	Day	39
	3015	Storage Tank, 20,000 gal	Day	125
	3014	Tank Barge (NRC OSRB only)	Day	12,469
	3011	Tank Barge or Barge Set, up to 238 bbls (NRC only)	Day	1,597
3012	Tote Tank, DOT approved, 275 to 300 gal	Day	87	
3013	Vacuum Box, up to 25 cu. yd.	Day	95	
EXCAVATION	5001	Backhoe, 710 or equivalent	Day	406
	5002	Backhoe, 580 or equivalent	Day	352
	5003	Backhoe Attachment, Breaker	Day	238
	5004	Backhoe Attachment, Compactor	Day	135
	5022	Compaction, Sheepsfoot or Roller	Day	500
	5024	DOT Transport Chain	Day	27
	5025	DOT Chain Binder, Ratcheting or Lever	Day	11
	5006	Dump Bed, Morooka 5-10 cu. yd.	Day	379
	5021	Dump Truck, 5 cu. yd., w/ Plow & Sander	Hour	189
	5007	Excavator, Mini	Day	510
	5008	Excavator, up to 37,000 lb.	Day	920
	5009	Excavator, 38,000 to 53,000 lb.	Day	1,137
	5010	Excavator, over 53,000 lb.	Day	1,624
	5017	Excavator, over 100,000 lb.	Hour	271
	5011	Excavator Attachment, Thumb or Wheel	Day	379
	5012	Excavator Attachment, Hammer	Day	595
	5013	Loader, Bobcat, Skidsteer or equivalent	Day	525
	5014	Hydraulic Attachment: Breaker, Compactor or Grapple	Day	189
5026	Skidsteer Attachment	Day	103	
5015	Loader, up to 3.5 CY	Day	704	
5023	Snowcat	Day	1,018	
TRAILERS	6001	Trailer, Confined Space Entry/Rescue	Day	2,165
	6002	Trailer, Decon, up to 24'	Day	550
	6003	Trailer, Dump, 7,000 - 12,000 lb.	Day	271
	6004	Trailer, Dump, Side/End, 18 yd.	Hour	39
	6023	Trailer, Emergency Response, petroleum	Day	395
	6005	Trailer, Emergency Response, up to 24'	Day	525
	6006	Trailer, Emergency Response, 40' - 48'	Day	650
	6007	Trailer, Equipment, Utility, 1-2 ton	Day	108
	6008	Trailer, Equipment, Utility, 3-10 ton or Fast Response	Day	271

CATEGORY	ITEM #	DESCRIPTION	UNIT	RATE
TRAILERS (Cont.)	6009	Trailer, Flatbed, up to 48'	Day	271
	6010	Trailer, Incident Command Center, 24'	Day	704
	6011	Trailer, Incident Command Center, 48'	Day	1,624
	6012	Trailer, Low Boy	Day	325
	6013	Trailer, MTR (boom, boat, skimmer add'l if deployed)	Day	379
	6014	Trailer, Office	Day	216
	6015	Trailer, Rocket (Roll Off Bin) Launcher	Hour	44
	6016	Trailer, Side Dump, 3 axle	Day	649
	6017	Trailer, Tilt Top, 26 ton	Day	271
	6018	Trailer, Van, up to 48'	Day	379
	6019	Trailer, Water Buffalo (up to 500 gallons, with pump)	Day	216
	6020	Trailer, Wildlife Response and Rehab (supplies add'l)	Day	2,706
	6021	Trailer, Wildlife Search & Collection	Day	1,082
	6022	Trailer, Wildlife Support	Day	379
TRUCKS	7001	Tractor, Diesel	Hour	49
	7002	Truck, Camera	Hour	135
	7003	Truck, Crane, 1 ton - 6 ton	Hour	71
	7007	Truck, Dump, up to 10 yard	Hour	66
	7008	Truck, Dump, over 10 yard	Hour	71
	7009	Truck, Dump, over 10 yard with pup	Hour	76
	7016	Truck, Flatbed or Van, 2-Axle, up to 24'	Hour	49
	7010	Truck, Gear, less than 1 ton	Hour	25
	7012	Truck, Gear, 1 ton	Hour	42
	7014	Truck, Gear, 2 ton - 5 ton	Hour	60
	7017	Truck, Hazmat Response, up to 24'	Hour	81
	7018	Truck, Marine Response	Hour	56
	7022	Truck, Mobile Communications & Command Unit, 34'	Day	979
	7019	Truck, Roll Off Bin, Bobtail	Hour	76
7020	Truck, Roll Off Bin, Bobtail with trailer	Hour	87	
7021	Truck, Water, up to 3000 gallons	Hour	119	
VACUUM TRUCKS / TRAILERS	8001	Guzzler/Air Mover (filters add'l)	Hour	162
	8017	Hi-Rail Air Mover w/ Air-spade	Hour	225
	8008	Sweeper - Vacuum & Brush	Hour	138
	8002	Vactor/Jetter - Combo Unit (attachments add'l)	Hour	200
	8003	Vacuum Trailer, 120 -130 bbl., black iron	Hour	34
	8004	Vacuum Trailer, 120 -130 bbl., stainless	Hour	49
	8005	Vacuum Truck, less than 35 bbl.	Hour	56
	8006	Vacuum Truck, 35 - 80 bbl.	Hour	66
8007	Vacuum Trailer, less than 50 bbl.	Hour	28	
VEHICLES	9001	All-Terrain Vehicle	Day	260
	9002	All-Terrain Vehicle, Cargo Carrying	Day	406
	9003	Auto, Personnel or Support	Day	108
	9008	Pickup Truck/Utility Vehicle (4wd, 2wd)	Day	189
	9004	Van, MTR (boom, boat, skimmer add'l if deployed)	Day	433
	9005	Van, Maintenance, Personnel or Support	Day	180
	9006	Wildlife Transport-Care Vehicle	Day	649
BLOWERS / COMPRESSORS	1101	Air Compressor, up to 100 CFM	Day	162
	1102	Air Compressor, 100 to 185 CFM	Day	244
	1103	Air Compressor, 210 to 375 CFM	Day	352
	1104	Blower, Coppus, Electric/Pneumatic	Day	108
	1105	Blower, Negative Air Exhaust, 6" (consumables add'l)	Day	81
	1106	Blower, Negative Air Exhaust, 12" (consumables add'l)	Day	119
	1107	Blower, Venturi, Horn	Day	34
	1108	Exhaust Duct, 25' x 6", 10" or 12"	Day	28

Equipment Terms:

- NRC does not rent equipment in a bare condition. All equipment shall be operated and controlled by NRC only. NRC maintains exclusive rights to assign specific equipment operators and/or vessel crews for response operations. All equipment sent to site by NRC shall be in a basic operating condition. Additional components charged to Customer include, but are not limited to, multiple hose lengths, blast shields, specialty tips or fittings, specialty connections, noise abatement, catalytic converters, etc. Equipment prices do not include fuel, operator or mobilization unless otherwise stated. Fuel consumed in non-mileage related operation of equipment, including vehicle and non-vehicle equipment and vessels, will be charged per Material rates. Vacuum truck washouts will be charged at cost plus 20%. Regulatory permits and environmental fees (HP Fees, BTU Fees, etc.) shall be assessed at cost plus 20% based upon the equipment and duration of such unit. Additional equipment safety requirements beyond the published OSHA and DOT regulatory standards charged at cost plus 20% for the additional items plus the cost of installation. Equipment that requires electrical connection to owner/facility provided power shall only be connected by licensed electricians experienced in the type of connection required and voltage rating. Equipment that requires air power to operate may be attached to owner/facility provided that the pressure and connections are compatible with NRC equipment and that shut off valves are in compliance with regulations.
- Time charges are calculated portal to portal, including any demurrage beginning with equipment mobilization activities from the NRC office or operations center unless otherwise specified, including all time at the site. Time charges terminate at the conclusion of the operation, which includes transportation of equipment back to NRC office or operations center and completion of any necessary demobilization activities, including disposal, cleaning, repair, replacement and/or delivery to NRC of restored equipment.
- Day rates are based on 8 hours of operation. Minimum charge for Day rate equipment is daily charge per day with additional hours over 8 charged in half-day increments for up to a total of 3 days' charge during a 24-hour period. Minimum call out for hourly equipment is 4 hours per day for local projects and 8 hours per day for projects over 50 miles from mobilization site, except for a 5-hour minimum per day for ALL aircraft. Customers will be charged for unused requested equipment until released and returned to service per Note 2.
- Equipment not on Price List or unavailable from NRC at time of request will be charged at cost plus 20% for all costs, including rental, insurance, freight, fuel, etc.
- In addition to payment of rental charges, Customer agrees to pay NRC, in accordance with rates contained in this Price List, for any cleaning or repairs necessary to return all equipment to the same condition as at the commencement of services (with the exception of normal wear and tear). Customer is also responsible for the payment of all transportation and disposal charges for any waste generated during cleaning. Only NRC or its subcontractors shall perform any cleaning and decontamination operations on all equipment owned, rented or subcontracted by NRC. If NRC determines that equipment cannot be returned to the condition it was in at the commencement of the services, Customer shall pay for all costs at cost plus 20%, including freight and other expenses incurred by NRC to replace this equipment. All boom, whether new or used, that is damaged beyond repair shall be replaced by NRC with new boom at Customer's expense at cost plus 20%, including freight and other expenses. Customer shall pay for all costs of verification sampling, including wipe testing, fluid analysis, filter change outs, etc., per regulations of any equipment that requires such prior to returning to unlimited operations, whether at NRC facilities or rental yards.
- Mobile Communications & Command Unit rate includes the following subsystems: UHF-FM, VHF-FM, VHF Marine, fax machine, copier and satellite system capability (with VOIP/Internet). Service use/satellite airtime charges charged separately at cost plus 20%.
- Any and all surcharges, including but not limited to general, marine, equipment & Jones Act insurances charged by NRC subcontractors that are directly connected with resources provided to Customer are charged to Customer at cost plus 20%.
- Base OSRV crew consists of licensed Mate, 2 Deckhands, 2 Tankermen and 4 Responders to handle equipment. Additional responders and support personnel (e.g. cook, QMED) may be deemed necessary based on magnitude of event, weather conditions and event duration. All required OSRV personnel are charged at cost plus 20%.
- All vessels and waterborne equipment rates will be increased by fifty percent (50%) when operating in ice conditions.

Materials and Supplies Terms:

1. All materials and supplies utilized, whether listed in daily reports or not, are chargeable in full quantity amounts as indicated by the identified unit, i.e., gallon, roll, each. Any materials or supplies not listed on Price List, including Wildlife Trailer supplies and expendables and third-party invoices for services, charged at cost plus 20%.

2. Quotes for waste disposal are based on meeting approved profiles. Analytical Data Packages beyond the industry standard QA/QC reports shall be charged at Cost +20%. NRC will assist Customer in identifying disposal facility options and provide price quotes. However, this does not constitute a referral and it is the sole responsibility of the Customer to designate the disposal facility. NRC will not take title to any wastes: dangerous, hazardous or non-hazardous.

3. The number of change-outs of Personal Protective Equipment (PPE) are based on conditions occurring in the work area. PPE shall be changed at a frequency that conforms to safety practices to prevent exposure to employees during the work activity. PPE categories:

Level D: Coveralls/Uniform, Steel Toe Boots, Safety Glasses, Work Gloves, Hard Hat and Safety Vest as applicable;

Level C: Level D plus, Disposable Tyvek, Full Face or Half Face Respirator (excluding cartridges);

Level B: Level C plus SBCA or supplied air (includes mask, 100' air supply hose, supplied air, bottle manifold and egress bottle).

4. All necessary support services (e.g. outside accounting, scientific support, communications technical support, non-NRC marine equipment) will be charged to Customer at cost plus 20%.

5. NRC reserves the right to substitute products of equal quality and construction without affecting the performance. NRC applies the Brand Name of a product as a reference only and reserves the right to substitute as it deems necessary.

6. NRC use of facility-directed or Customer-directed decontamination products, including but not limited to degreasing agents, cleaners, strippers, conditioners, cutter stock, etc., shall be done at the facility's or Customer's risk.

7. Fuel usage (non-driving) charged for hours operated by type as follows: Extra Heavy Equipment (Guzzler, Jetter, Large Yellow Iron >89 HP, and similar) = 6 gals/hr; Heavy Equipment (Tractors, Vacuum Trucks, >50 HP Compressors, Water Blasters, Large Generators, Small Yellow Iron <89 HP, PTO-driven, and similar) = 3 gals/hr; Light Equipment (Pressure Washers, Compressors <50 HP, Light Towers, Small Generators, and similar) = 1 gal/hr. Actual rate subject to change based on increases in fuel cost.

8. NRC OSRO Response Services provided by ICNs will be marked up 10%. NRC ICN T&M rates can be accessed at www.nrcc.com.

OSRO Client Training and Drill Rates:

Onsite Training - \$950/person (includes up to 8-hour day, additional hours \$175/hr.): OSRO Client onsite training in ICS, Tabletops, Hazwoper. Travel time and expenses not included.

Simple Drill - No Charge (maximum 2 hours of NRC staff time): Covers phone verification of client, a check of telephone numbers, completion of a spill notification sheet, and assignment of a NRC case number, telephone calls and faxing/emailing of information. Client may request a site specific report of NRC's available resources.

Intermediate Drill - \$500/each (maximum 8 hours of NRC staff time): Includes all the services of a Simple Drill but requires other services, which necessitate the activation of additional support personnel to meet the special needs or requests from the client. These personnel will be dedicated to assisting the client during the drill and providing the necessary paperwork and information for documentation.

Advanced Drill - Quote: Drills requiring services in excess of an Intermediate Drill, including additional staff time, actual deployment of equipment or a call out of personnel, will be provided on a time and material basis per Price List rates. It is recommended that if a drill of this magnitude is planned and that the client contact NRC in advance to obtain an estimate.

RE: Proposal to Remove and Dispose of Debris at the Gonzales County Precient 3 Yard

Dear Ms. Sandoval

NRC Gulf Environmental Services, Inc. is pleased to submit the following proposal for the Scope of Work described herein, along with our standard Terms & Conditions. We appreciate the opportunity to bid on this project and are prepared to perform the work upon your approval of the Proposal.

Job Summary

NRC Gulf Environmental Services, Inc. (NRC) will provide labor and equipment to remove debris from excavation, load and transport to a permitted disposal facility.

Scope of Work

- NRC will provide one Foreman, one equipment Operator and one Technician to segregate and load debris for disposal. Equipment will consist of one 200 class excavator with thumb to load debris.
- Debris will be placed in a 25 CY tarped roll-off container for disposal. NRC will transport debris to the Republic Services Tesson Road Facility for disposal. If Gonzales county operates a landfill close to the site, debris can be disposed at a lower rate than presented below.
- Disposal does not include aerosols or tires. Prices will be submitted for disposal based on segregation in the field. RCRA empty drums will be crushed on site and added to debris in roll-off container.
- NRC anticipates the initial debris removal to be completed within two working days. Additional excavation in adjacent pit to be completed within two days. Pricing for adjacent pit is based on a maximum dimension of 15ft wide by 10ft long by 15ft deep. If larger, additional excavation will be on a time and materials basis.
- NRC will utilize visual inspection as debris is loaded to segregate any chemicals or containers identified. Process knowledge from the Generator will be used to profile waste for disposal purposes. Sampling and analysis listed below will be conducted on excavation bottom and provided to the County to assist in closure of the waste pits with the TCEQ. Samples will be submitted for a standard 5 to 7 day turnaround.

Description	Rate	Quantity	Unit	Total
Mobilization/Demobilization (including Roll-Off Container)				
Foreman	\$65.00	4	Hour	\$260.00
Equipment Operator	\$60.00	4	Hour	\$240.00
Field Technician	\$45.00	4	Hour	\$180.00
Pickup - 4WD	\$35.00	4	Hour	\$140.00
Mobilize Excavator	\$451.10	2	Each	\$902.20
Roll Off Truck (Straight)	\$90.00	10	Hour	\$900.00
Driver	\$60.00	10	Hour	\$600.00
Excavate and Segregate/Remove Debris				
Foreman	\$65.00	16	Hour	\$1,040.00
Foreman (OT)	\$98.00	4	Hour	\$392.00

Field Technician (OT)	\$78.00	4	Hour	\$312.00
Pickup - 4WD	\$280.00	2	Day	\$560.00
Drum - 1H2 Open Top, Poly, New, 55 gal	\$120.00	2	Each	\$240.00
Drum, 1A2 Open Top, New, 55 gal	\$125.00	2	Each	\$250.00
Roll Top Roll-Off Box	\$35.00	3	Day	\$105.00
210 Excavator with Thumb	\$860.60	2	Day	\$1,721.20
Debris Disposal (excluding aerosols and tires)	\$18.20	25	Cubic Yard	\$455.00
RCRA (8) Metals, Volatile Organic Compounds, Semi-Volatile Compounds, TPH	\$561.60	2	Lump Sum	\$1,123.20
Excavate Adjacent Pit				
Foreman	\$65.00	16	Hour	\$1,040.00
Foreman (OT)	\$98.00	4	Hour	\$392.00
Equipment Operator	\$60.00	16	Hour	\$960.00
Equipment Operator (OT)	\$90.00	4	Hour	\$360.00
Field Technician	\$52.00	16	Hour	\$832.00
Field Technician (OT)	\$78.00	4	Hour	\$312.00
Pickup - 4WD	\$280.00	2	Day	\$560.00
Excavator	\$860.60	2	Day	\$1,721.20
Roll Top Roll-Off Box	\$35.00	3	Day	\$105.00
Disposal of Debris (excluding aerosols and tires)	\$18.20	25	Cubic Yard	\$455.00
Total:				\$18,309.80

Customer acknowledges that invoicing will consist of actual quantities incurred at the provided rates. Any additional resources required, other than those identified herein, will be invoiced in accordance with NRC's current time and materials rates. If the Customer issues a Purchase Order for an estimated amount, Customer acknowledges that invoicing will still be based on actual quantities incurred at the provided rates regardless if the Purchase Order amount is exceeded. Any terms proposed in Customer's acceptance of this proposal which add to, vary from, or conflict with this proposal or NRC's Standard Terms and Conditions, are hereby rejected. Any such proposed terms shall be void and the terms in this proposal and NRC's Standard Terms and Conditions shall constitute the complete and exclusive statement of the terms and conditions of the contract between NRC and Customer.

A fuel recovery charge has been incorporated into this lump sum/fixed price quote. We reserve the right to adjust pricing for services provided beyond thirty (30) days from quote date if the cost of fuel varies significantly.

We appreciate the opportunity to submit this proposal. If you have any questions or require additional information, please contact me at the phone number or address below. If you accept this proposal, please sign and return to NRC Gulf Environmental Services.

Respectfully,

414 FM 1103

STANDARD TERMS AND CONDITIONS

1. **Acceptance and Formation of Contract:** All written proposals shall be valid for a period of thirty (30) days. The cancellation or expiration of any contract hereunder shall not affect either Party's obligations under any orders issued and accepted prior to such expiration or cancellation. By issuance of a notice to proceed with the work, whether oral or written, Customer agrees to the terms and conditions stated herein. Any terms proposed in Customer's acceptance of this proposal which add to, vary from, or conflict with the proposal or these terms and conditions are hereby rejected. Any such proposed terms shall be void and the terms in the proposal and these terms and conditions shall constitute the complete and exclusive statement of the terms and conditions of the contract between NRC Gulf Environmental Services, Inc. and Customer.

2. **Project Documents:** NRC's proposal includes and incorporates NRC's Rate Schedule which is in effect at the time of performance of the work, all documents provided to NRC by or on behalf of Customer and all documents provided to Customer or its representative by or on behalf of NRC. The term "Customer" refers to the party with whom NRC is contracting. This document is incorporated by reference to the Contract as specified therein and is an integral part of the Contract.

3. **Scope of Work and Price:** All work performed hereunder shall be performed and invoiced in accordance with NRC's written proposal, NRC's Rate Schedule which is in effect at the time of performance of the work, the other Project Documents, and the terms and conditions stated herein as each may be applicable to the type of work performed. In the event that the scope of work, schedule, or material changes, Customer agrees to pay NRC on a time and material basis in accordance with NRC's then current Rate Schedule or other unit rates, whichever is applicable, unless a revised proposal is prepared by NRC and accepted by Customer. Emergency response services shall be performed and invoiced in accordance with NRC's current Rate Schedule. Unless expressly set forth, NRC's proposal does not include state or local sales tax. If any such taxes are applicable and the client does not provide a Direct Pay or Tax Exemption Certificate for this work, such taxes will be added to the invoiced amount as a separate line item. A fuel recovery fee will be invoiced for all transportation, disposal and fuel consuming equipment charges at the prevailing rate at the time work is performed.

4. **General Conditions of Work:** Customer is responsible for furnishing to NRC all pertinent data and information concerning the work to be performed hereunder, the nature of the work site and the nature of the conditions to be remediated, including special hazards or risks involved with such work, premises, site or conditions. Unless otherwise stated in NRC's proposal, all pricing is based upon the following general conditions: (a) NRC will not incur any waiting or standby time for reason beyond NRC's control; (b) access to, from and at the work site will not be restricted or limited; (c) there will be no overhead, underground, aboveground or other obstructions, rocks, pipelines, or utilities that would impede NRC's work; (d) the work site and all access ways shall be suitable for the size and weight of all vehicles and equipment utilized to perform the work; (e) all wastes shall conform to the representations of Customer and the Project Documents; (f) all non-emergency response related work will be performed Monday through Friday during daytime business hours between 8:00 a.m. and 4:00 p.m. (work performed outside of this time frame will be charged at 1.5 times the standard rates or as otherwise provided in NRC's then current Rate Schedule; work performed on Sundays and holidays will be charged at two times the standard rates); (g) Customer is responsible for all damage to equipment and its components not caused by the direct fault of NRC; and (h) Customer is responsible for all costs associated with overloading of containers or trucks including citations, damages to equipment or property, loss of revenue, etc., unless loaded by NRC. Any variance in these conditions is considered a change in the scope of work unless expressly otherwise stated in NRC's proposal.

If any of the waste contains materials which do not conform to the descriptions provided by Customer and/or in the Waste Profile Sheets ("non-conforming waste"), NRC may, at its option, properly dispose of it, return it to Customer or require Customer to remove and dispose of the non-conforming waste at Customer's expense and reimburse NRC for any expenses that it has incurred. Customer is expressly prohibited from allowing any other carrier to move NRC's equipment without the prior written consent of NRC. The equipment that NRC furnishes to Customer will remain on its property until moved by NRC. Customer will be responsible for any loss or damage resulting from its handling of the equipment, except for normal wear and tear. Customer will not overload by weight or volume, move or alter the equipment and will take reasonable precautions to prevent others from doing the same. Customer will use the equipment only for its intended purpose. If the equipment is inaccessible or overloaded by weight or volume, NRC's service will be subject to an additional charge as outlined in NRC's then current Rate Schedule or other unit rates as applicable. NRC will not be responsible for damage to Customer's driving surfaces resulting from weight of vehicles or equipment.

5. **Invoicing and Payment:** Customer shall make payments due under each invoice within thirty (30) days of the invoice date. Interest shall begin to accrue on the invoice due date for payments not received by such date at the smaller of (i) the maximum lawful interest rate or (ii) one and one-half (1½%) percent per month. The individual signing the proposal incorporating these terms personally guarantees payment of any charges incurred thereunder. All payments will be first applied to interest, if any. In the event payment is not timely made and NRC files a lien or bond claim on Customer's account, Customer will be assessed an administrative charge of \$500.00 plus any applicable costs provided for in paragraph 6. However, Customer expressly agrees that NRC is a beneficiary to, and may impose a lien on, any and all of Customer's insurance policies and/or proceeds. Customer expressly acknowledges that its obligation to pay all amounts incurred hereunder is absolute and is not conditioned upon availability of funding, insurance, or any other reasons.

6. **Disputes and Waiver of Rights:** In the event that Customer disputes any portion of any invoice, Customer shall provide NRC written notice of the disputed items within fifteen (15) days of the invoice date. The written notice must specifically state the portion in dispute and describe the dispute in such detail that NRC has full notice of the dispute. Customer hereby agrees that failure to provide such written notice within fifteen (15) days of the invoice date constitutes waiver of any such dispute and full payment of the invoice shall be provided to NRC. Customer agrees that it will not claim any dispute after the fifteen (15) day period that has not been timely specified in writing to NRC. Further, Customer agrees that the non-disputed portion of the invoice will be paid within fifteen (15) days of the invoice date.

In the event that a lawsuit arises out of any matter related to this contract and NRC prevails, Customer agrees to pay NRC's attorneys' fees and costs, including, but not limited to, in-house counsel at the rate of \$300.00 per hour and outside counsel, plus court costs and expenses. Further, Customer agrees to pay NRC for its' personnel at twice the rate stated in its' rate sheet for any time spent preparing the case or testifying at a deposition or trial.

7. **Title to Waste:** The parties hereto agree that NRC is not and shall not be considered the owner or generator of, and shall not take title to, any waste materials or substances remediated, removed or otherwise handled by NRC on behalf of Customer. Customer hereby authorizes NRC to sign waste manifests and profiles as agent for the generator.

8. **Indemnity:** Each party hereto agrees to indemnify, defend and hold harmless the other party hereto and the other party's shareholders, directors, officers, employees and agents, from and against any and all claims, demands, causes of action and liabilities of any nature, whether for damages to property, business interests, or persons or for death, arising out of or related to the performance of this Contract and/or the conditions to which this Contract pertains, to the extent that any such claims, demands, causes of action and/or liability is attributable to the breach of contract, negligence, or other fault of the indemnifying party. The indemnification by each party shall survive the termination of this Agreement. Notwithstanding the foregoing, where the work or services provided by NRC consists of or is related to emergency response, NRC does not waive any right or ability it may have to assert responder immunity pursuant to any applicable Federal, state and/or local laws and ordinances and/or any lawful order, regulation and/or rules thereunder and shall not be liable for any claims where such responder immunity applies.

9. **Assignment:** Customer may not assign, transfer or otherwise vest in any other company, entity or person, any of its rights or obligations under the Agreement without the prior written consent of NRC, which consent shall not be unreasonably withheld.

10. **Jurisdiction and Venue:** The substantive laws of the State of Florida, without regard to conflicts of laws principles that would require application of any other law, shall govern all matters arising out of, or relating to, this Agreement and all of the transactions it contemplates, including without limitation its validity, interpretation, formation, construction, breach, performance, termination and enforcement. The Parties mutually consent to the exclusive jurisdiction of the federal and state courts in the State of Florida and agree that any action, suit or proceeding concerning, related to or arising out of this Agreement and the negotiation of this Agreement will be brought only in a federal or state court in the State of Florida and the Parties agree that they will not raise any defense or objection or file any motion based on lack of personal jurisdiction, improper venue, inconvenience of the forum or the like in any case filed in a federal or state court in the State of Florida.

Good Morning,

Attached is the profile request to Waste Management for the waste generated from Water Street. Please complete the Generator's Certification and return at your earliest convenience.

Thank You

James Valadez
Resource Coordinator

 Multiple Generator Locations (Attach Locations) Request Certificate of Disposal Renewal? Original Profile Number: _____

A. GENERATOR INFORMATION (MATERIAL ORIGIN)
1. Generator Name: Gonzales County Precinct 3
2. Site Address: 1813 Water Street
(City, State, ZIP) Gonzales TX 78629
3. County: Gonzales
4. Contact Name: Carol Sandoval
5. Email: _____
6. Phone: (830) 772-6209 7. Fax: _____
8. Generator EPA ID: _____ N/A
9. State ID: _____ N/A

B. BILLING INFORMATION SAME AS GENERATOR
1. Billing Name: NRC Gulf
2. Billing Address: 9204 Hwy 287 North
(City, State, ZIP) Fort Worth TX 76131
3. Contact Name: Tara Swafford
4. Email: tswafford@nrcc.com
5. Phone: (800) 852-8878 6. Fax: _____
7. WM Hauled? Yes No
8. P.O. Number: _____
9. Payment Method: Credit Account Cash Credit Card

C. MATERIAL INFORMATION
1. Common Name: Construction and Demolition Debris
Describe Process Generating Material: See Attached

Non-contaminated construction and demolition debris from a building, structure, or road. The debris must not be contaminated by a manufacturing process, chemical process, through facility operations or other processes. DOES NOT include lead-based painted debris, liquids, asbestos, fluorescent light bulbs, PCB light ballasts, and PCB

2. Material Composition and Contaminants: See Attached

1. Construction Debris	100 %
2.	
3.	
4.	

Total comp. must be equal to or greater than 100% ≥100%

3. State Waste Codes: _____ N/A
4. Color: Various
5. Physical State at 70°F: Solid Liquid Other: _____
6. Free Liquid Range Percentage: _____ to _____ N/A
7. pH: _____ to _____ N/A
8. Strong Odor: Yes No Describe: _____
9. Flash Point: <140°F 140°-199°F ≥200° N/A

D. REGULATORY INFORMATION
1. EPA Hazardous Waste? Yes* No
Code: _____
2. State Hazardous Waste? Yes No
Code: _____
3. Is this material non-hazardous due to Treatment, Delisting, or an Exclusion? Yes* No
4. Contains Underlying Hazardous Constituents? Yes* No
5. From an industry regulated under Benzene NESHAP? Yes* No
6. Facility remediation subject to 40 CFR 63 GGGGG? Yes* No
7. CERCLA or State-mandated clean-up? Yes* No
8. NRC or State-regulated radioactive or NORM waste? Yes* No
***If Yes, see Addendum (page 2) for additional questions and space.**
9. Contains PCBs? → If Yes, answer a, b and c. Yes No
a. Regulated by 40 CFR 761? Yes No
b. Remediation under 40 CFR 761.61 (a)? Yes No
c. Were PCB imported into the US? Yes No
10. Regulated and/or Untreated Medical/Infectious Waste? Yes No
11. Contains Asbestos? Yes No
→ If Yes: Non-Friable Non-Friable - Regulated Friable

E. ANALYTICAL AND OTHER REPRESENTATIVE INFORMATION
1. Analytical attached Yes
Please identify applicable samples and/or lab reports:

Waste 1

2. Other information attached (such as MSDS)? Yes

F. SHIPPING AND DOT INFORMATION
1. One-Time Event Repeat Event/Ongoing Business
2. Estimated Quantity/Unit of Measure: 100
 Tons Yards Drums Gallons Other: _____
3. Container Type and Size: CM 25Y
4. USDOT Proper Shipping Name: _____ N/A

G. GENERATOR CERTIFICATION (PLEASE READ AND CERTIFY BY SIGNATURE)
By signing this EZ Profile™ form, I hereby certify that all information submitted in this and all attached documents contain true and accurate descriptions of this material, and that all relevant information necessary for proper material characterization and to identify known and suspected hazards has been provided. Any analytical data attached was derived from a sample that is representative as defined in 40 CFR 261 - Appendix 1 or by using an equivalent method. All changes occurring in the character of the material (i.e., changes in the process or new analytical) will be identified by the Generator and be disclosed to Waste Management prior to providing the material to Waste Management.

If I am an agent signing on behalf of the Generator, I have confirmed with the Generator that information contained in this Profile is accurate and complete.

SATL Report No.: 1909070
RE: 1318 Water St Gonzales, TX.
Project Number: SA3-909-1018

Dear James Valadez

SATL received 1 Sample(s) on 09/06/2019 for analyses identified on the chain of custody. The analyses were performed using methods indicated on the laboratory report. Any deviations observed at sample receiving are notated on the Sample Receipt Checklist and/or Chain of Custody documents attached as part of this analytical report.

There were no problems in the sample analyses unless otherwise noted. Sample data and associated QC are presented in the attached laboratory report. QC sample data were within laboratory acceptance limits except where noted on the report.

Sincerely,

For San Antonio Testing Laboratory, Inc.

Richard Hawk,
General Manager

The results in this report apply to the samples analyzed in accordance with the chain of custody document. This analytical report must be reproduced in its entirety.

SAMPLE QUALIFIERS

- M MS/MSD recoveries are affected by possible matrix interferences.
- IH ICV recovery is outside QC limits, the results may have a slight high bias.
- CH CCV recovery is outside QC limits, the results may have a slight high bias.

DEFINITIONS

- * TNI / NELAC accredited analyte
- PQL Practical Quantitation Limit
- MCL Maximum Contaminant Level
- mg/Kg Milligrams per Kilogram (Parts per Million)
- mg/L Milligrams per Liter (Parts per Million)
- PPM Parts per Million
- L LCS recovery is outside QC acceptance limits, the results may have a slight bias.
- M MS recovery is outside QC limits, the results may have a slight bias due to possible matrix interferences.
- RMCCCL Recommended Maximum Concentration of Contaminants Level
- Surr L Surrogate recovery is outside QC limits due to matrix interferences.
- Surr H Surrogate recovery is high due to contribution from hydrocarbon interferences.
- µR/hr MicroRoentgens per hour (Measure of Radioactivity Level)
- HT Sample received past holdtime
- IC Improper Container
- IT Improper Temperature
- V Insufficient Volume
- B Sample collected in Bulk
- S RPD is outside QC limits. This may be due to possible matrix interferences in Matrix spike samples.
- AB VOA Vial contained air bubbles.
- OP ortho-Phosphate was not filtered in the field within 15minutes of collection.

Test Methods followed by the laboratory are referenced in the following approved methodology, unless otherwise specified.

Standard Methods for the Examination of Water and Wastewater, 21st Edition 2005
Methods for Chemical Analysis of Water and Wastes, EPA 600/4-79-020, Rev. March 1983
EPA SW Test Methods for the Examination of Solid Waste, SW-846, 1996

SATL Report No.: 1909364

RE: Gonzales County 1318 Water Street/Gonzales Cty, TX

Project Number: SA3-909-1018

Dear James Valadez

SATL received 2 Sample(s) on 09/25/2019 for analyses identified on the chain of custody. The analyses were performed using methods indicated on the laboratory report. Any deviations observed at sample receiving are notated on the Sample Receipt Checklist and/or Chain of Custody documents attached as part of this analytical report.

Any deviations observed at sample receiving are notated on the Sample Receipt Checklist and/or Chain of Custody documents attached as part of this analytical report.

Sincerely,

For San Antonio Testing Laboratory, Inc.

Richard Hawk,
General Manager

The results in this report apply to the samples analyzed in accordance with the chain of custody document. This analytical report must be reproduced in its entirety.

SAMPLE SUMMARY

Total Samples received in this work order: 2

The following samples were requested for analysis as per the CoC. Any re-runs or re-analyses requested are identified as such.

<u>Sample ID</u>	<u>Laboratory ID</u>	<u>Matrix</u>	<u>Sampling Method</u>	<u>Date Sampled</u>	<u>Date Received</u>
Waste Pit 1	1909364-01	Solid	Grab	09/25/19 13:00	09/25/19 13:50
Waste Pit 2	1909364-02	Solid	Grab	09/25/19 13:00	09/25/19 13:50

Notes

All quality control samples and checks are within acceptance limits unless otherwise indicated.
Test results pertain only to those items tested.
All samples were in good condition when received by the laboratory unless otherwise noted.

SAMPLE QUALIFIERS

M MS/MSD recoveries are affected by possible matrix interferences.
IH ICV recovery is outside QC limits, the results may have a slight high bias.
CL CCV recovery is outside QC limits, the results may have a slight low bias.
CH CCV recovery is outside QC limits, the results may have a slight high bias.
C Continuing Calibration Verificaiton Standard recovery is outside the acceptance limits.

DEFINITIONS

* TNI / NELAC accredited analyte
PQL Practical Quantitation Limit
MCL Maximum Contaminant Level
mg/Kg Milligrams per Kilogram (Parts per Million)
mg/L Milligrams per Liter (Parts per Million)
PPM Parts per Million
L LCS recovery is outside QC acceptance limits, the results may have a slight bias.
M MS recovery is outside QC limits, the results may have a slight bias due to possible matrix interferences.
RMCCCL Recommended Maximum Concentration of Contaminants Level
Surr L Surrogate recovery is outside QC limits due to matrix interferences.
Surr H Surrogate recovery is high due to contribution from hydrocarbon interferences.
µR/hr MicroRoentgens per hour (Measure of Radioactivity Level)
HT Sample received past holdtime
IC Improper Container
IT Improper Temperature
V Insufficient Volume
B Sample collected in Bulk
S RPD is outside QC limits. This may be due to possible matrix interferences in Matrix spike samples.
AB VOA Vial contained air bubbles.
OP ortho-Phosphate was not filtered in the field within 15minutes of collection.

Test Methods followed by the laboratory are referenced in the following approved methodology, unless otherwise specified.

Standard Methods for the Examination of Water and Wastewater, 21st Edition 2005
Methods for Chemical Analysis of Water and Wastes, EPA 600/4-79-020, Rev. March 1983
EPA SW Test Methods for the Examination of Solid Waste, SW-846, 1996

Gonzales, TX 78629-

RE: Proposal to complete additional excavation at the base of a debris pile found in Gonzales, TX.

Dear Ms. Lehnert

NRC Gulf Environmental Services, Inc. is pleased to submit the following proposal for the Scope of Work described herein, along with our standard Terms & Conditions. We appreciate the opportunity to bid on this project and are prepared to perform the work upon your approval of the Proposal.

Job Summary

Estimate requested by Gonzales County Commissioner Kevin Lafleur after sample results from the base of the debris pit came back above standards for lead. After a discussion with TCEQ, NRC recommends excavating an additional 1' deeper over the 20' x 30' area of the exumed debris pit and re-sampling for lead.

Scope of Work

- NRC will mobilized a 3 man crew to the site with heavy equipment to remove the impacted soils from the pit and load them into 2 roll-off boxes.
- The pit area is estimated to be 20' x 30' and will be excavated no deeper than 1' around the base.
- Once the excavation is complete 1 sample will be collected at the base of the excavation, and 1 sample of the stockpiled dirt anticipated to be used as backfill. The samples will be analyzed for lead at a standard turnaround time of 7 business days.
- One waste sample will be collected from the roll-off boxes to be analyzed for TCLP lead for waste profiling purposes. Waste prices are for class 1. If results indicated elevated levels beyond class 1 special waste, a change order will be required. Waste volume is an estimate. Customer will be invoiced based on actual quantity.
- Volumes do not include a requirement to load and dispose of the stockpiled soils adjacent to the pit.
- NRC makes no claim that soil sample results will come back below state required levels at the base of the 1' excavation. Additional excavation may be required if lead levels remain elevated at the base of the excavation.

Total:				\$9,789.00

Customer acknowledges that invoicing will consist of actual quantities incurred at the provided rates. Any additional resources required, other than those identified herein, will be invoiced in accordance with NRC's current time and materials rates. If the Customer issues a Purchase Order for an estimated amount, Customer acknowledges that invoicing will still be based on actual quantities incurred at the provided rates regardless if the Purchase Order amount is exceeded. Any terms proposed in Customer's acceptance of this proposal which add to, vary from, or conflict with this proposal or NRC's Standard Terms and Conditions, are hereby rejected. Any such proposed terms shall be void and the terms in this proposal and NRC's Standard Terms and Conditions shall constitute the complete and exclusive statement of the terms and conditions of the contract between NRC and Customer.

NRC Gulf Environmental Services customary work hours are 7:00 a.m. to 3:00 p.m.

A fuel recovery charge has been incorporated into this lump sum/fixed price quote. We reserve the right to adjust pricing for services provided beyond thirty (30) days from quote date if the cost of fuel varies significantly.

We appreciate the opportunity to submit this proposal. If you have any questions or require additional information, please contact me at the phone number or address below. If you accept this proposal, please sign and return to NRC Gulf Environmental Services.

Respectfully,

Drew Morris

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

December 3, 2019

The Honorable Kevin T. La Fleur
Gonzales County Commissioner
Precinct No. 3
1813 Water St.
Gonzales, Texas 78629

Re: Notice of Compliance with Notice of Violation (NOV) dated July 23, 2019:
Gonzales County Precinct 3, 1813 Water St., Gonzales (Gonzales County), Texas
Regulated Entity No.: 110801198, TCEQ ID No.: UNA455140174, Investigation
No.: 1611172

Dear Commissioner:

This letter is to inform you that the Texas Commission on Environmental Quality (TCEQ) Corpus Christi Regional Office has received adequate compliance documentation on October 28, 2019, to resolve the alleged violation documented during the investigation of the above-referenced regulated entity conducted on May 20, 2019. Based on the information submitted, no further action is required concerning this investigation.

The Texas Commission on Environmental Quality appreciates your assistance in this matter and your compliance efforts to ensure protection of the State's environment. If you or members of your staff have any questions, please feel free to contact Taylor Schauder at the Corpus Christi Regional Office at 361-825-3100.

Sincerely,

A handwritten signature in black ink that reads "Timothy C. Perdue".

Timothy C. Perdue, CHMM
Waste Section Manager
Corpus Christi Regional Office

TCP/TS/mjd

Enclosure: Summary of Investigation Findings

Summary of Investigation Findings

GONZALES COUNTY PRECINCT 3 1813 WATER ST GONZALES, GONZALES COUNTY, TX 78629 Additional ID(s): UNA455140174	Investigation # 1611172 Investigation Date: 11/21/2019
---	--

ALLEGED VIOLATION(S) NOTED AND RESOLVED

Track No: 716877

30 TAC Chapter 330.15(a)

Alleged Violation:

Investigation: 1571629

Comment Date: 07/23/2019

Failed to comply with General Prohibition which states no person may cause, suffer, allow, or permit the dumping or disposal of municipal solid waste without the written authorization of the Commission.

Specifically, during the investigation on May 20, 2019, it was determined that unauthorized disposal of MSW had taken place at the Gonzales County Precinct 3 yard located at 1813 Water St. in Gonzales, (Gonzales County) Texas.

Two excavated pits (covered and open) were identified on the property through the use of time-lapsed satellite imagery. The open pit was documented, through a physical inspection of the property, to contain MSW which included, but was not limited to, construction and demolition material, mattresses, light bulbs, furniture, and empty and full paint cans. The covered pit was unable to be assessed, however based on the satellite imagery the covered pit is alleged to have buried MSW.

Investigation: 1611172

Comment Date: 11/21/2019

Failed to comply with General Prohibition which states no person may cause, suffer, allow, or permit the dumping or disposal of municipal solid waste without the written authorization of the Commission.

Specifically, during the investigation on May 20, 2019, it was determined that unauthorized disposal of MSW had taken place at the Gonzales County Precinct 3 yard located at 1813 Water St. in Gonzales, (Gonzales County) Texas.

Recommended Corrective Action: To achieve compliance an investigation must be conducted to determine if an unauthorized disposal of MSW waste occurred in the covered pit and all waste documented in the identified pits has been properly disposed of or recycled at an authorized facility. Submit documentation to the Corpus Christi Region Office indicating compliance with the solid waste rules and regulations for MSW. Documentation can include, but is not limited to, photographs, shipping documents, waste determinations and analytical data verifying cleanup measures.

Resolution: Adequate compliance documentation including analytical data, laboratory reports, project logs, and waste manifests was received from the regulated entity on October 26, 2019.
